CHECK CASHING SCHEDULE -- There will be no check cashing in the Office of the Cashier during the Thursday and Friday of Spring Semester Registration, January 12 and 13. Checks will be cashed on Monday and Tuesday, January 16 and 17, at the Marvin Center first floor ticket booth (outside the theater) between the hours of 10 a.m. and 4 p.m. On Wednesday, January 18, the check cashing service will be resumed in the Office of the Cashier.

faculty newsnotes

PUBLICATIONS

JAMES BARTH, associate professor of economics; CHING-YAO HSIEH, professor of economics; and SALIH NEFTCI, *Macroeconomics: Selected Readings*, Xerox Publishing Company, 1977.

DONALD GROSS, professor of operations research, and Faiz A. Al-Khayyal, "On Approximating and Bounding GI/M/c Queues." *TIMS Studies in the Management Sciences*, Vol. 7, 1977.

THELMA HUNT, professor emeritus of psychology, with Clyde J. Lindley, "Documentation of Selec-

tion and Promotion Test Questions: Are Your Records Sagging?" *Public Personnel Management*, November-December, 1977.

BERNARD MERGEN, associate professor of American civilization, (co-author), "'Doing the Rest': The Uses of Photographs in American Studies." *American Quarterly*, Vol. 29, No. 3, Bibliography issue, 1977.

PROFESSIONAL ACTIVITIES

JAMES E. FALK, professor of operations research, was an invited participant and discussant at a conference on sequential games at the Xerox Corporation in Leesburg, Virginia, November 14-16.

ANTHONY FIACCO, professor of operations research, chaired the Non-linear Programming: Sensitivity Analysis session at the joint national ORSA/TIMS meeting in Atlanta November 7-9.

DONALD GROSS, professor of operations research, also attended the meeting and spoke on "Designing a Support System for Repairable Items."

-more-

GARTH P. MCCORMICK, professor of applied science, gave an invited talk entitled "Verification of Global Solutions to Equality Constrained Problems" at the same meeting.

NOZER D. SINGPURWALLA, professor of operations research, spoke on "Transfer Function Models for Analyzing Maintenance and Availability: A Case Study" at the ORSA/TIMS meeting.

RICHARD FRANKIE, professor of education, spoke on "Consumer Interests in Higher Education: Legal Aspects" at the annual meeting of the National Organization of Legal Problems of Education in San Francisco on November 11. Professor Frankie also addressed the annual meeting of the Middle States Accreditation Association concerning "Legal Problems and Issues of Higher Education" on December 9 in Philadelphia.

VICTOR GOLLA, associate professor of anthropology, presented a paper on "Lexical vs. Non-Lexical Dialect Differentiation: A Problem in Historical Sociolinguistics" in a symposium on Linguistic Archaeology at the annual meeting of the American Anthropological Association in Houston in late November. Professor Golla also served as Guest Editor of *International Journal of American Linguistics* in October.

DONALD GROSS, professor of operations research, was invited to the Cornell University Conference on Multi-Echelon Inventory Theory November 30-December 1, where he spoke on "Spares and Repair Capacity Provisioning for Repairable Items."

DOUGLAS L. JONES, associate professor of engineering, presented a paper, (co-authored with Pathical K. Poulose and Dean Harold Liebowitz) entitled "Determination of Cyclic Nonlinear Energy Toughness For 2024-T3 and 7075-T6 Aluminum Sheets" at the 14th annual meeting of The Society of Engineering Science at Lehigh University November 14-16.

THELMA LAVINE, Elton professor of philosophy, presented two lectures, "Internalization and Socialization" and "The Contemporary Women's Movement" to the Graduate Colloquium of the Departments of Sociology and Philosophy at the University of Connecticut on November 3 and 4.

BERNARD MERGEN, associate professor of American civilization, was chairman and commentator of a session on "Cultural Studies and the Artifact" at the Sixth Biennial Convention of the American Studies Association in Boston on October 29.

MICHAEL SODARO, visiting assistant professor of political science and member of the Institute for Sino-Soviet Studies, conducted a seminar on "The Contemporary Soviet System: Domestic and Foreign Policy Perspectives" at the Inter-American Defense College on November 30.

UNIVERSITY LIBRARY COLLECTION ANALYSIS PROJECT -- A project of analyzing collection needs for the University Library, especially collection needs for doctoral programs offered by the university, has been initiated. The project is expected to require up to 18 months for completion. It will include a study of other area libraries where research collections are adequate for George Washington doctoral candidates' research, and to which access is available or can be arranged.

Mrs. Natalie F. Hawley has assumed the position of collection analysis librarian (as of January 3) to carry out the project. In February, she will begin consultations with academic department chairmen, library representatives, and appropriate faculty. One result of the project is expected to be the identification of those disciplines and research areas for which the University Library will need to develop a collection level adequate for doctoral research.

Mrs. Hawley has a varied background of library experience extending over a ten-year period, including service as deputy librarian for reference, The Chartered Insurance Institute, London; chief information specialist/manager, Innovation Informa-

tion and Analysis Project, GWU Program for Policy Studies; library consultant, Frank E. Basil, Inc., Athens, Greece; consultant, Office of Technology Assessment, U.S. Congress; and member of the reference staff, Office of Management and Budget Library.

NEW COPYRIGHT LAW -- The Copyright Revision Act of 1976, P.L. 94-553, which brings the 1909 statutes up to date, took effect on January 1, 1978. Among the areas the law affects are library copying, fair use, music copyrights, and audiovisual works. The cooperation of all members of the university community is important in making certain that individuals and departments comply with the various requirements of the law. For more information on the new law, the "General Guide to the Copyright Act of 1976" is available free from the Copyright Office, Library of Congress, Washington, D.C. 20559.

RECORD SHOP OPENS TODAY IN MARVIN CENTER -- Polyphony, a non-profit record shop, sponsored by the Marvin Center Governing Board, opens today in the ground floor of the center. This new service is provided for students, faculty, staff, and alumni. The

shop is designed to be the lowest price record store in the Washington metropolitan area. Records only will be sold at the shop. There will be no record-playing equipment.

Hours will be Mondays and Tuesdays, 12 noon to 7 p.m.; Wednesdays, 12 noon to 4 p.m.; Thursdays, 12 noon to 7 p.m.; Fridays, 12 noon to 4 p.m.; and Saturdays, 12 noon to 3 p.m.

Marvin Center Director Boris Bell and Governing Board Chairperson Patti North have been invited to officiate at ribbon-cutting ceremonies at 1 p.m. Wine and cheese will be served during the afternoon.

PUBLICATIONS

NEIL N. SELDMAN, assistant director of the Division of Experimental Programs, "Recycling Garbage: Neighborhood Programs the Answer in D.C.," *The Washington Post*, December 4, 1977.

DANIEL SINICK, professor of education, *Counseling Older Persons*, Human Sciences Press, 1977; "Can Vocational Counselors Change Society?" *Vocational Guidance Quarterly*, Vol. 25, No. 3, March 1977; and "Vocational Counseling Trends in Rehabilitation Settings," *Journal of Rehabilitation*, Vol. 43, No. 3, July/August 1977.

PHYLLIS L. STEWART, assistant professor of sociology, and Judith Wortman, MS student in medical jurisprudence, "The Nurses' Race in the Swine Influenza Immunization Program," *Nursing Forum*, Vol. 16, No. 2, December 1977.

PROFESSIONAL ACTIVITIES

JOHN G. ALLEE, professor of English, presented a paper entitled "Names and/or Appellatives--A Mini, Mini Word Session" on December 29 in Chicago at the annual meeting of the American Name Society.

DENNIS GALE, assistant professor of urban and regional planning, briefed Boston Mayor Kevin White's staff on research he has been conducting on neighborhood conservation on December 30 in Boston's City Hall. In recent weeks Professor Gale's research on neighborhoods has been reported in *The New York Times*, *The Washington Post*, *The Washington Star*, and *The Boston Globe*.

THELMA HUNT, professor emeritus of psychology, was a speaker at the Twenty-Third Annual Personnel Management and Industrial Relations Conference, Continuing Education Center, University of Alabama on December 1.

ROBERT E. KNOWLTON, associate professor of biology, and ANTHONY L. MESCHER, assistant professor of biology, attended the annual meeting of the American Society of Zoologists in Toronto, December 27-30. Professor Knowlton delivered a paper entitled "Salinity Tolerance and Sodium Balance in the Prawn *Palaemonetes vulgaris* (Say),"

-more-

co-authored by Richard H. Schoen, a recent GW graduate.

KALI MALLIK, director of the job development laboratory, participated in the Midwest Workshop on Job Placement and Career Planning for Handicapped College Students, December 4-6 at Southern Illinois University-Carbondale.

HARRY C. MILLER, professor of urology, was appointed by the American Urological Association as representative to the Council of Academic Societies of the American Association of Medical Colleges. Dr. Miller was also a recent guest speaker at the 25th Memorial Kimbrough Society Meeting, speaking on "Research in Bladder Cancer," "Urinary Stones in Children," and "Recurrent Urinary Infections in Children."

RUTH OSBORN, assistant dean of the College of General Studies for Continuing Education for Women, appeared on the WRC-TV "Not For Women Only" television program on December 28 and 29 as part of a week-long series, "Back to Work--Can Women Do It?"

DANIEL SINICK, professor of education, has been appointed to the Editorial Advisory Board of *Industrial Gerontology*, the journal of the National Council on the Aging.

CLARENCE STEINBERG, assistant professorial lecturer in English, chaired the Modern Language Association of America's special session on literary onomastics on December 28 in Chicago.

M. ELIZABETH TIDBALL, professor of physiology, spoke at the annual meeting of the Southern Association of Colleges for Women on December 13 in New Orleans. Her topic was "The Women's College as Institutional Model."

TUITION INCREASES -- At its meeting of January 19, 1978, the Board of Trustees of The George Washington University announced tuition increases effective in the fall semester of 1978 according to the following schedule.

--For undergraduate study in Columbian College, the school of Education, the School of Government and Business Administration, the School of Public and International Affairs, Allied Health Sciences, and for on-campus courses taken by undergraduate students in the College of General Studies there will be an increase of \$200 from \$2,800 to \$3,000 for a full-time program per academic year. Costs for part-time programs will rise from \$105 to \$110 for each semester hour.

--For undergraduate study in the School of Engineering and Applied Science costs will move from \$2,900 to \$3,100 for full-time programs and from \$107 to \$112 for each semester hour for part-time programs and for graduate study.

--In the National Law Center tuition for the Juris Doctor's and Master's degrees and for Continuing Legal Education will

increase from \$3,100 to \$3,600. Tuition for part-time Juris Doctor students enrolled prior to fall semester 1976 will rise from \$105 to \$110 for each semester hour. Other part-time programs will rise for each semester hour from \$120 to \$145.

The yearly rate for study for the degree of Doctor of Juridical Science will be raised from \$2,900 to \$3,700.

--For graduate study in the Graduate School of Arts and Sciences, the School of Education, the School of Public and International Affairs, the School of Government and Business Administration, and for graduate and undergraduate courses in the Division of University Students there will be an increase for each semester hour from \$105 to \$110.

--For the degrees of Doctor of Business Administration and Public Administration a new fee schedule for students entering in fall semester 1978 has been approved. Students will pay a total of \$8,500 in 10 semi-annual payments rather than on a per-credit-hour basis.

--Undergraduate and graduate study in the general Summer

Sessions programs will be increased from \$98 to \$105 for each credit hour.

--For the degree of Doctor of Medicine tuition will rise from \$6,000 to \$6,500 for fourth year students; from \$7,500 to \$8,100 for third year students; and from \$9,000 to \$9,600 for second year students. Tuition for entering students will be \$11,800.

--For undergraduate and graduate study in off-campus courses of the College of General Studies fees will be increased from \$78 to \$82 for each semester hour. For engineering students, the fee will go from \$107 to \$112 per semester hour.

--The Residence Fee, charged each student permitted to maintain "In Residence" status during any semester of absence from the University or after completion of tuition requirements, will be increased from \$105 to \$110.

STATEMENT ON INCLEMENT WEATHER -- The following statement on inclement weather was made by Dr. Harold F. Bright, Provost and Vice President for Academic Affairs, at the January 24 Faculty Assembly:

"We have determined as a result of a number of experiences with inclement weather that we should try to keep the University open except under real emergency conditions. We have over two thousand students living in our dorms plus a number of others living in nearby areas. We have a hospital which must be kept open. Hence we must, wherever possible, keep all support services and administrative offices open. We need to provide classes if at all possible. Many of you will recall that we suspended classes in May of 1970 for two or three days because of dangerous conditions on and around the campus. What you may not recall is that shortly thereafter some of our law students--who may have been seeking clinical experience--hit us with a class action suit for several million dollars damages, basing the suit on the claim that all students had been deprived of classes for which they had paid and seeking pro rata tuition refunds for all students. Fortunately, the suit was eventually disallowed but the trouble and expense involved were by no means negligible. It seems clear that if we close the University without real documentation--as, for example, a request from the District Government that we close--we may be in for a peck of trouble.

However, a concomitant difficulty arises. If we stay open and faculty members stay home, we are also in trouble. During the last several days my ears have become a bit sensitive after a number of telephone calls I have received from parents and students who took the trouble to come in for classes only to find their instructors absent.

We know, of course, that some of these absences are unavoidable. Some of them are avoidable. And before long, it is possible that both the University as a corporate entity and individual instructors as well may encounter damage suits resulting from absences which are

not well documented. Students are paying a good deal for instruction these days. They believe they are entitled to it.

I must say that it is my impression that the necessity for meeting classes whenever possible is taken very lightly by some instructors in this University. We are going to have to require documentation on instructor absences. We'll establish a procedure for this as soon as possible."

faculty newsnotes

PUBLICATIONS

ROBERT PARRIS, professor of music, "Fantasy and Fugue," (recording) for Cello Solo, released in December on the Gasparo label.

JAMES W. ROBB, professor of Romance languages, review of Z. Gutierrez-Vega, Epistolario Reyes-Chacon, in Los Ensayistas, University of Georgia, October 1977; a review of J.L. Morales Espana en Alfonso Reyes in Hispania, December 1977; and his Prosa y Poes' ia de Alfonso Reyes reviewed by Paulette Patout in Caravelle, Toulouse, France, No. 28, 1977.

PROFESSIONAL ACTIVITIES

DANA D. FISCHER, assistant professor of political science and international affairs, contributed a chapter on "The International Protection of Human Rights" in The Changing United Nations: Options for the United States, edited by David A. Kay, the Academy of Political Science, New York, 1977.

RAYMOND R. FOX, professor of engineering and applied science, has been appointed a member of the Earthquake Engineering Research Institute Committee on Seismic Risk in the United States.

DAVID MCALEAVEY, assistant professor of English, read his poetry at Intersection, a multi-art facility in San Francisco, California on January 10. He was in San Francisco doing research on the poetry of George Oppen.

ROGER N. MILLEN, associate professor of engineering, has been appointed to the editorial staff of Interfaces, a journal of the Institute of Management Sciences and the Operations Research Society of America. Professor Millen is an Associate Editor and co-authors a regular feature entitled "Applications Reviews."

JAMES W. ROBB, professor of Romance languages, was a respondent for Spanish American literature at a symposium on "The Essay in Hispanic Literature," on December 29 during the Modern Language Association annual convention in Chicago.

GEORGE STEINER, professor of music, presented a one-hour radio program on the series "Master Class" on WGMS on January 9. His subject was "The History of the Development of Violin Technique."

WINTER CONVOCATION -- Approximately 1,200 degrees will be conferred at the university's Winter Convocation on Monday, February 20, at 8 p.m. in the Charles E. Smith Center for Physical Education and Athletics.

The Ambassador of Sri Lanka, Neville Kanakarathne, will speak to the graduates and will receive the honorary degree of Doctor of Laws as will Vice President and Treasurer Emeritus Henry William Herzog.

Alumni Achievement Awards will be made to L. Stanley Crane, Robert G. Dixon, Jr., Richard S. Hunter, Arthur Miele, and Frank Proschan.

Ambassador Kanakarathne is a graduate of the University of Ceylon where he received honors in history and of Cambridge University in England where he earned the degrees of Bachelor of Laws and Master of Arts. He was called to the English Bar -- Middle Temple, in London. In 1956, he was a member of Dr. Henry Kissinger's international seminar at Harvard. The ambassador's extensive diplomatic experience has included close association with the United Nations and other

major international organizations and conferences. He has represented his country in Washington since 1970.

Mr. Herzog (an alumnus, B.S. in Civil Engineering, 1930) came to the university in 1931 as graduate manager of publications. In 1934 he became assistant to the comptroller and served in positions of increasing responsibility until 1953 when he became treasurer of the university. He was named vice president and treasurer in 1962 and retired ten years later. He continued to serve as special assistant to President Elliott through June 30, 1977. As vice president and treasurer, he was responsible for the management and accountability for all financial and business operations of the university, investments, the physical plant, acquisition of real estate, and supervision of new construction. During the years of his service, 17 new buildings have been constructed.

L. Stanley Crane, president of the Southern Railway System, received the degree of Bachelor of Science in Engineering in 1938. He served as director of Industrial Engineering for Pennsylvania Railroad and was

responsible for the development and operation of the first radio-controlled trains and pioneered in research to measure track defects. He received the 1975 Outstanding Achievement in Management Award from the American Institute of Industrial Engineering.

Robert G. Dixon, Jr., (J.D., 1956) is a former member of the faculty of the university's National Law Center, and a former Assistant Attorney General of the United States. He directed the Department of Justice study on impeachment beginning in 1973. Widely known for his study of the "one man, one vote" concept, he received the Woodrow Wilson Foundation Book Award for his book *Democratic Representation*. His most recent book is *Social Security Disability and Mass Justice: An Emerging Problem in Welfare Adjudication*.

Richard Sewall Hunter received the degree of Bachelor of Arts from the university in 1937. He is a pioneer in the fields of color science and color technology and in the development of scientific methods and procedures for determining factors which affect the quality of agricultural and industrial products. He is president of Hunter Associates Laboratory, Inc., a company he founded in 1952; and author of the book *The Measurement of Appearance*.

Arthur Miele, (M.B.A., 1967) is a member of the senior board of directors of the Phelps Dodge International Corporation. He has served the organization extensively in positions of major responsibility including that of project manager and planning manager and as president and chief executive. The corporation is engaged in the refining of copper and the fabrication of copper and alloy products.

Dr. Frank Proschan, a professor in the Department of Statistics at Florida State University, received his M.A. from George Washington in 1948 and his doctorate from Stanford. Author of more than 80 professional papers, co-author of four books, he has presented some 150 papers at professional society meetings and at universities. A Fellow of the American Statistical Association and a member of the International Statistical Institute, he has taught in the field of statistics since 1950.

HIMMELFARB HEALTH SCIENCES LIBRARY ACCESS -- The Himmelfarb Health Sciences Library has instituted a policy of restricted access during evening and weekend hours as of January 27. During these hours, access is restricted to Medical Center faculty, staff and students, and to graduate students in the basic sciences. After 6:30 p.m. on weekdays and during the hours when the library is open on weekends, it is considered a reading and study facility for the Medical Center. Users must present a white or blue Himmelfarb ID card to gain access. The detailed policy statement is available in the Office of the Associate Director, Himmelfarb Health Sciences Library.

CARPOOL FORMS -- Forms for students, faculty, and staff who wish to make up or participate in carpools are available from the university's Parking Office at 2211 H Street, N.W. or from the

Commuter Club, Room 420, Marvin Center. The forms should be filled out and returned to the Parking Office.

PUBLICATIONS

LEONARD NADLER, professor of education, "Designing and Implementing a Facilitating Conference" (a behind-the-scenes look at the unique program design of ASTDs 1977 Senior Trainer Symposium). *Training and Development Journal*, December 1977.

PROFESSIONAL ACTIVITIES

BORIS C. BELL, director of the Marvin Center, has been selected as a member of the Minorities Programs Committee for the Association of College Unions International (ACU-I). The committee assists member schools in developing college union and campus awareness of the problems experienced by minority students, faculty, and staff and promoting activities and programs to reduce these problems.

SHERWIN GREENE, associate professor of urban planning, participated in the Highway Capacity Workshop sponsored by the National Research Council on January 15 in the Sheraton Park Hotel. Purpose of the conference was to generate major input for the initial task of the National Cooperative Highway Research Program Project 328, Development of an Improved Highway Capacity Manual. Professor Greene was a panelist on the topic "Pedestrians."

GUIDO E. MAZZEO, professor of Romance languages, presented a paper entitled "Los jesuitas espanoles y la cultura hispano-italiana del siglo XVIII" in April 1977 while on sabbatical leave in Spain. It was published by the Centro Asociado de Tortosa de la Universidad Nacional de Educacion a Distancia, as part of its series of publications.

LEONARD NADLER, professor of education, has been appointed to the Subcommittee on Reorganization of Federal Education Programs of the United States Chamber of Commerce.

NEIL SELDMAN, assistant director, Division of Experimental Programs, participated as a policy research specialist in appropriate technology workshop sponsored by Research Applied to National Needs (RANN), National Science Foundation, in Harpers Feery, West Virginia, January 23 to 25.

TELETHON OPENS TONIGHT --

The 1978 telethon, "George Calling," will open in Washington this evening, Monday, February 13, and will continue Mondays through Thursdays, until Thursday, March 9 (with the exception of Monday, February 20). University Trustee Stephen R. Woodzell is serving as national chairman for this year's Annual Fund Drive. J. Frank Doubleday, M.A., 1955, is national telethon chairman. The telethon, the university's annual alumni telephone fund-raising drive, will be held in Room 410 - 415 in the Marvin Center between the hours of 5:45 and 9:30 p.m. on the dates noted. All members of the university community (faculty, students, staff, and alumni) are encouraged to volunteer for any evenings of their choice. Complimentary parking in the Marvin Center garage is provided and a light supper is served. For further information and to volunteer, call or visit the Development Office, University Library, Room 701, telephone 676-6415.

NEW FACULTY RESEARCH FELLOWSHIPS ESTABLISHED -- The Division of Experimental Programs has established a new program of faculty fellowships for interdisciplinary

research. Full-time faculty members in any division of the university are eligible to apply for the two fellowships which carry stipends of \$2,500 each for two consecutive summer months of full-time study or research. Recipients are not to teach or to hold other major fellowships or grants during the two-month period. The awards will be known as the Dilthey Fellowships for Interdisciplinary Scholarship.

The Steering Committee of the Division of Experimental Programs will determine the recipients annually. Decisions will be based on the committee's judgment as to the interdisciplinary character of the proposed research as well as its promise of significant results in terms of publication. At some time during the academic year following their summer of research, the Fellows will be invited to give a talk interpreting the significance of their work at a meeting of the Dilthey Society.

The deadline for proposals this year is Wednesday, March 15. Proposals should be two to five pages in length. Further information may be obtained from

-more-

Roderick French, director of the Division of Experimental Programs, telephone Ext. 7565.

GW FORUM TOPIC -- The subject of teaching has been selected by the editorial board of GW Forum as its topic for the spring 1978 issue. The deadline for submissions is Monday, February 27. Questions and manuscripts should go to Robert Garber at the Alumni Office, 714 - 21st Street, N.W. Telephone Ext. 6435.

MARTHA'S MARATHON OF BIRTHDAY BARGAINS -- Martha's Marathon of Birthday Bargains, the traditional student fund-raising auction of treats and privileges, will be held on Friday, February 24, beginning at 7:30 p.m. in the Marvin Center Ballroom. Admission will be 75¢. Sponsored by the George Washington University Residence Hall Association, the auction will raise funds to provide for residence for one or more GW students in university dormitories next year. The committee under the chairmanship of Steve Weisel, a junior in Columbian College, is assembling auction items from the GW campus, the community, and Capitol Hill. Auctioneers will be Professor of Zoology Stefan O. Schiff, and Alan Kaplan, a senior in the School of Public and International Affairs. Following the auction, there will be music for dancing.

PARENTS' DAY RECEPTION -- Members of the faculty and the administrative staff are especially invited to attend the cocktail reception (cash bar -- complimentary hors d'oeuvres) on Parents' Day, Saturday, February 25. The reception will be held in the third floor gallery of the Marvin Center from 5 to 6:30 p.m. Parents welcome the opportunity to meet with faculty and administrators. Those planning to attend are requested to call the Student Activities Office, telephone Ext. 6555.

ERASERS -- As an experiment, a new type of blackboard eraser has been placed in all classrooms of Building C. The Physical Plant Department hopes that it will give better service than the traditional felt type. Comments from the users would be appreciated and should be sent in the campus mail to Jerry Rabold at Building Z.

PARKING RATES FOR 78-79 - New parking rates for the next fiscal year have been approved and will go into effect on July 1, 1978. The last increase in parking rates was initiated two years ago and became effective on July 1, 1976. The increased rates for the coming year can be attributed to increases in direct cost of operations, covering such expense items as salaries, wages, security costs, utilities and maintenance of facilities.

The new rates represent, for faculty and staff, a \$5 increase in the monthly rate and a 25¢ increase in the daily rate. For students, the rate increase is 25¢ per daily parking period and a \$5 increase in the monthly rate. The new rates are considerably

below commercial parking rates in the area, with monthly rates averaging \$60 and hourly and maximum daily rates averaging \$1.15 and \$3.78 respectively.

The new parking rates are as follows:

A) <u>FACULTY & STAFF</u>		
Daily (before 5PM)		\$2.00
Daily (after 5PM)		1.50
Monthly		30.00
Annually		360.00
Monthly (Part Time)		20.00
B) <u>STUDENTS</u>		
Daily (Per day & evening parking period)	\$1.50	
Overtime (after 5:30 PM)	1.00	
Monthly	45.00	
<u>GSF, JR. & SR. MEDICAL STUDENTS & RESIDENT ASSISTANTS</u>		
Daily (Per day & evening parking period)	\$1.50	
Monthly	22.50	
C) <u>VISITORS</u>		
Hourly Rate	\$0.98	
Over 10 Hours	3.79	
Maximum after 5 PM	1.56	

The above rates do not include the 12% D.C. parking tax.

JOHN W. KENDRICK, professor of economics, Understanding Productivity, An Introduction to the Dynamics of Productivity Change (Baltimore, Johns Hopkins University Press, Hardback and Paperback) This is the latest, No. 31, in Policy Studies in Employment and Welfare, edited by SAR A. LEVITAN, professor of economics.

PROFESSIONAL ACTIVITIES

ZEEV BARZILY, assistant research professor of operations research, was invited to the Cornell University Conference on Multi-Echelon Inventory Theory November 30-December 1, 1977. He spoke on "Transient Analysis of Finite Source Queues."

JOHN W. KENDRICK, professor of economics, presented a paper "Total Investment and Economic Growth" at a joint session of the American Economic and Finance Associations in New York on Dec. 30, 1977.

JOHN W. KENDRICK, professor of economics, is a member of the board of directors of the newly established American Productivity Center in Houston, Texas. The center has been established to foster joint labor/management efforts to improve productivity, to improve the quality of working life, and to strengthen the private enterprise system.

THELMA Z. LAVINE, Elton professor of philosophy, was one of six speakers at the First Academic Conference on Biomedical Ethics in the Perspective of Jewish Teachings and Tradition. The all-day conference on November 13, 1977, was held under the auspices of the College of Jewish Studies and Board of Jewish Education of Greater Washington.

SHEPARD MEMORIAL FUND -- The Department of English has established a memorial fund in honor of Ernest S. Shepard, professor emeritus of English and alumnus of the university (B.A., 1925; M.A., 1927), who died in May 1977. The fund will be used to purchase books for the University Library.

Professor Shepard, a specialist in Victorian literature, joined the faculty in 1926 and served until his retirement in 1967. He was executive officer of the department from 1942 to 1950. Three of his courses were special favorites with generations of students according to Dr. John Reesing, chairman of the English department: "Victorian Literature," "Introduction to European Literature," and "Studies in the History of English Literary Criticism."

Contributions are tax deductible. Checks (payable to George Washington University and designated for the Shepard Memorial Fund) may be sent to Professor Reesing, Chairman, English Department, GWU, Washington, D.C. 20052..

SAFETY NOTE -- A warning has been received from the American Sterilizer Company (AMSCO) which

says "The door parts of certain models of sterilizers may have worn to the extent that they are unsafe." Those offices and laboratories using AMSCO sterilizers are asked to contact the Safety Officer in the Office of Safety and Security at ext. 6947 for further information.

PUBLICATIONS

SAMUEL HALPERIN, director of the Institute for Educational Leadership, "The Federal Future in Higher Education," *Change*, February 1978, and "A Cabinet-Level Department of Education This Year?," *Phi Delta Kappan*, February 1978.

DONALD E. HAWKINS, professor of human kinetics and leisure studies, co-authored with Barbara Pantzer, Dennis A. Vinton, and Elizabeth Farley, *Camping and Environment Education for Handicapped Children*, Leisure Information Service, 1978, and "An Overview of Tourism and Casino Gambling," *Public Gaming*, Fall 1977, co-authored with Elwood L. Shafer.

ANTHONY L. MESCHER, assistant professor of biology, "The Role of Fibroblast Growth Factor and Epidermal Growth Factor in the Proliferative Response of the Corneal and Lens Epithelium," *Experimental Eye Research*, Vol. 25, December 1977, co-authored with Ken Brown, Charles Birdwell, and Denis Gospodarowicz.

PROFESSIONAL ACTIVITIES

CONSTANCE COSTIGAN, assistant professor of design, was interviewed on National Public Radio's "Voices in the Wind." The program, aired on WAMU and WETA, was an exploration of the creative process behind her work, which has shown at the Phillips Collection in October. The broadcast is available on tape.

DENNIS GALE, assistant professor of urban and regional planning, advised staff members of HUD Secretary Patricia Harris's office on a position paper being prepared by HUD. The paper will attempt to establish a HUD position on the displacement of low-income householders by inner-city reinvestment. Professor Gale was also appointed to a task force of the National Association of Housing and Redevelopment officials to help develop a NAHRO position on the displacement of low-income families by residential reinvestment activity in central cities. Professor Gale, along with CHARLES WASHINGTON, assistant professor of public administration, also assisted in the preparation of a workshop report as a participant in the White House Conference on Balanced National Growth and Economic Development. The report, and others with it, will be submitted to the President for use in the development of new policies and legislation.

SAMUEL HALPERIN, director of the Institute for Educational Leadership, delivered a paper entitled "Emerging Educational Policy Issues in the Federal City" at the National Center for Research in Vocational Education at Ohio State University.

DONALD E. HAWKINS, professor of human kinetics and leisure studies, conducted a training program for National Park Service personnel at the Mather Training Center, Harpers Ferry, West Virginia, January 16-20. The session concerned full-spectrum visitor participation, with an emphasis on improving the National Park Service facilities for handicapped and elderly citizens.

PETER F. KLAREN, associate professor of history, presented a paper on "The Rise of Capitalism in Latin America" to the Economic History Workshop of the Economics Department at the University of Chicago on February 10.

NADINE NATOV, associate professor of Russian, chaired the annual meeting of the North American Dostoevsky Society at the American Association of Teachers of Slavic and East European Languages Conference in Chicago December 23. At the meeting, Professor Natov presented a paper summarizing the results of the Third International Dostoevsky Society meeting, which was held in Denmark in August. At the business meeting of the NADS, Professor Natov was re-elected

vice-president of the NADS for a second three-year term. She also participated in discussions during several AATSEEL sections, and was elected to chair a session on Mikhail Bulgakov in New York in 1979. On December 29, Professor Natov chaired a special session on "Russian Literature of the 1970's" at the Modern Language Association's annual convention in Chicago. She presented an introductory paper, summarizing the literary trends and themes in Russian literature during the past two years.

WALTON E. SMITH, associate professor of management science, presented a paper entitled "The Status of Telecommunications Policy" at the 1978 annual Computer-Related Information Systems Symposium, at the Air Force Academy January 24-27.

TWO ENDOWED CHAIRS FOR THE NATIONAL LAW CENTER -- Two endowed chairs have been established at the University's National Law Center -- the Professor S. Chesterfield Oppenheim Chair in Antitrust and Trade Regulation Law and the Lobingier Chair of Jurisprudence and Comparative Law.

The Oppenheim Chair is a tribute to Professor Oppenheim, who taught at the law school from 1927 to 1952 and who currently holds an appointment as Distinguished Scholar and Adviser at the law center. The chair has been established with a \$500,000 endowment made possible by donations from alumni and friends of Professor Oppenheim and from corporations and foundations in recognition of his major contribution to the field of antitrust and trade regulation law.

Professor of Law Glen E. Weston, who has taught at the law school since 1949, has been named to fill the Oppenheim Chair, beginning in September. Professor Weston was a student of Professor Oppenheim's and later served on the faculty with him. The two professors co-edited three books: Federal Antitrust Laws--Cases and Comments (1968); Unfair Trade

Practices and Consumer Protection --Cases and Comments (1974); and the four-volume Lawyer's Robinson-Patman Act Sourcebook (1971).

Professor Oppenheim has written several texts and numerous articles on antitrust and trade regulation law. From 1953 to 1955, he acted as co-chairman of the Attorney General's National Committee to Study the Antitrust Laws. The report of that committee became the standard for redefining the roles of government and business in antitrust matters. Professor Oppenheim, known to his friends and colleagues as "Oppie," also taught at the University of Michigan Law School for 12 years. He is now Of Counsel to the Washington law firm of Howrey and Simon.

A \$757,000 gift to establish the Lobingier Chair has been received by the university from the estate of international jurist Charles S. Lobingier. The funds will support the professorship in jurisprudence and comparative law, and related graduate educational and research programs. Selection of a law professor to fill the chair is expected to be made in the spring for the 1978-79 academic year.

Charles Lobingier, for whom the chair is named, was an international jurist, legal educator, and author who taught civil and comparative law for 13 years (1926-1939) at the old National University law school, which became part of The George Washington University in 1954. He died in 1956 at the age of 89.

In 1904 Charles Lobingier was appointed by Theodore Roosevelt as a judge of the Court of First Instance in the Philippine Islands, a position he held for 10 years. In 1914 he became a judge of the U.S. Court of China and was the first judge of that court to serve the full 10-year term. During his tenure he handled more than 2,000 cases. He organized the Far East American Bar Association, serving as president from 1914 to 1922; secured the passage of an act creating the office of U.S. Commissioner of China; and promulgated an extra-territorial remedial code to govern the procedure of American courts in China.

Upon completion of his service in China, he returned to the United States and in 1925 was appointed special assistant to the U.S. Attorney General. While in that position, he drafted commercial legislation for Cuba. Charles Lobingier retired as a Securities and Exchange Commission officer in 1946. Then 80, he was sent to Korea where he wrote the codification of law for the United States Military Government in Korea.

His books include The People's Law (1910); Evolution of Roman Law (1928); and The Ancient and Accepted Scottish Rite (1932).

HIMMELFARB LIBRARY ACCESS POLICY CLARIFICATION - The new evening and weekend access policy exists to promote appropriate use of the library's facilities and resources. The library's primary constituency is the Medical Center faculty, students, staff and the basic sciences faculty and students. Faculty and students enrolled in related disciplines and interdisciplinary programs also have appropriate and recognized need for access to the library.

Special cards are issued to students enrolled in university graduate and interdisciplinary classes where the instructor finds access to the library's unique resources essential to the student's work. Faculty are to contact Mrs. Helen Kolbe, Associate Director, (Rm. 101) Himmelfarb Library concerning special access.

During evening and weekend hours access to the library has always been through the Ross Hall entrance. The security guard requires only a GWU ID or a valid Himmelfarb ID card for access to Ross Hall. Once in the building, upon entering the library, users are to display to the circulation staff a blue or white borrower's card or other evidence of special arrangement.

LABORATORY SAFETY -- The Office of Safety and Security wishes to remind those who are working in laboratories of the prime importance of care in handling solvents. The National Safety Council's "College Safety News" reports, for example, that a recent fire in a campus research laboratory resulted in damage amounting to \$48,000.

The report states that this incident occurred because of solvents that had been stored in an ordinary refrigerator, a circumstance emphasizing the necessity for proper storage of flammable liquids.

PUBLICATIONS

JOHN EFTIS, professor of engineering and applied science, co-authored with N. Subramonian, research assistant, "The Inclined Crack Under Biaxial Load," *Engineering Fracture Mechanics*, Vol. 10, No. 1, 1978, and "Biaxial Load Effects on the Crack Border Elastic Strain Energy and Strain Energy Rate," *Engineering Fracture Mechanics*, Vol. 9, No. 4, 1977, co-authored with N. Subramonian, research assistant, and HAROLD LIEBOWITZ, Dean, School of Engineering and Applied Science.

HOWARD GILLETTE, Jr., assistant professor of American civilization, "Film as Artifact: 'The City' (1939)," *American Studies*, Fall, 1977.

PROFESSIONAL ACTIVITIES

ANDREW GYORGY, professor of international affairs and political science, and member of the Institute for Sino-Soviet Studies, participated in a panel on Romanian foreign policy held in conjunction with the National Conference of the International Studies Association in Washington on February 24. Professor Gyorgy also lectured twice to the Soviet-East European Area Study Groups in the Foreign Service Institute of the U.S. Department of State in February.

JAMES O. HORTON, associate professor of American history and American civilization, presented a paper entitled "Afro-Americans and the Rediscovery of American Culture" to the United States Information Agency on January 31. The presentation was a part of that agency's "Black History Month" observance.

DANIEL SINICK, professor of education, was recently interviewed three times on radio station WGTS on the following topics: "Should People Grow Old Gracefully?," "Suicide Among Older Persons," and "Counseling the Elderly." Professor Sinick also addressed the Stateman's Club on "Retirement Attitudes and Adjustments."

PROFESSOR LEROY S. MERRIFIELD TO FILL LOBINGIER CHAIR -- Professor of Law Leroy S. Merrifield has been named to fill the newly established Lobingier Chair of Jurisprudence and Comparative Law at the GWU National Law Center beginning in September.

Professor Merrifield came to the university in 1947 and is now the senior member of the National Law Center faculty. A graduate of the University of Minnesota (Bachelor of Arts in political science and history, and Bachelor of Laws) and of Harvard University (Master of Public Administration and Doctor of Juridical Science), he has made a career of labor law as teacher, author, research scholar, and arbitrator.

After serving in the U.S. Navy as a communications officer in World War II, Professor Merrifield spent a year as an attorney with the anti-trust division of the Department of Justice. He was granted a Fulbright fellowship for study at the University of Sydney in Australia of that country's unique system of settling labor disputes by compulsory arbitration. In 1963 he received a Ford Foundation fellowship for studies, in Switzerland and Belgium, of the

labor laws of the European Common Market and the work of the International Labor Office.

Professor Merrifield has served as impartial referee for the National Railroad Adjustment Board and is a member of the Labor Arbitration Panel of the Federal Mediation and Conciliation Service. He has acted as consultant to various government agencies on labor relations law problems.

His casebook on labor relations laws, with Professor Emeritus R.A. Smith and Dean Theodore J. St. Antoine, both of the University of Michigan, is now in its fifth edition.

LIBRARIES HOURS -- For the convenience of the university community, the hours of the university libraries during the spring breaks (note different dates) are listed on page 3.

PUBLICATIONS

SUSAN HERTZ, assistant professorial lecturer of anthropology, "The Institutional Context in Political Organizations Among Welfare Recip-

ients in Minneapolis," *South Atlantic Urban Studies*, Vol. 2, 1978.

TERRY HUFFORD, associate professor of botany, *Botany: Basic Concepts in Plant Biology*, Harper and Row, Publishers, New York, 1978.

PROFESSIONAL ACTIVITIES

DANA D. FISCHER, assistant professor of political science and international affairs, was a discussant on a panel concerning "Expropriation and the New International Economic Order" at the International Studies Association annual meeting on February 23 in Washington.

PETER P. HILL, professor of history, delivered a paper entitled "La Suite Imprevue de L'Alliance: L'Ingratitude Americaine" at an international colloquium on "Europe and the American Revolution," held in Paris and Toulouse, February 21-25, under the auspices of the French Centre National de la Recherche Scientifique.

LANCE HOFFMAN, associate professor of engineering and applied science, was awarded a three-year contract by the National Science Foundation in support of his research project, "New Models and Matrices in Computer Security."

MONROE HURWITZ, bookstore manager, participated in a panel entitled "You and the Spotlight" at the Middle Atlantic Bookstore Conference on March 2 at Host Farms, Lancaster, Pennsylvania. The panel concerned sales promotions in college bookstores.

BENJAMIN NIMER, professor of political science and international affairs, served as chairman of a panel on "The Third and Fourth Worlds: Human Rights and Economic Development" at the annual meeting of the International Studies Association in Washington on February 25.

STEFAN O. SCHIFF, professor of zoology, testified before the United States Senate Committee on Commerce, Science, and Transportation on June 16, 1977. The subject of the testimony concerned general effects of ionizing and non-ionizing radiation on humans. The testimony is recorded in Radiation Health and Safety Serial 95-49, printed by the Committee on Commerce, Science and Transportation, United States Government Printing Office.

LOIS SCHWOERER, professor of history, lectured at U.C.L.A.'s William A. Clark Library on February 17 on the subject "The Glorious Revolution: New Perspectives: Processions, Ceremonies, Bonfires, and Fireworks."

ALAN WADE, assistant professor of speech, chaired a panel presenting papers on "The Performance of Difficult Literature" at the annual convention of the Eastern Communication Association in Boston, March 16-18. Professor Wade also presented his one-man

show based on the prose writings of Samuel Beckett.

NEW DEAN OF SCHOOL OF GOVERNMENT AND BUSINESS ADMINISTRATION --

Dr. Norma Maine Loeser, a former managing director of the Civil Aeronautics Board and a former commissioner on the Defense Manpower Commission, has been appointed dean of the School of Government and Business Administration effective July 1. She succeeds Dean Peter B. Vaill who has served since July of 1973. Dr. Loeser becomes the first woman to head a major school of business in the United States.

In announcing her appointment, President Elliott said, "Norma Loeser is a woman of many facets, and many firsts. Today we are very pleased to announce that she will become the new dean of our business school -- the first woman to head a major school of business in this country. Throughout her distinguished military career, her service to the government, and throughout the years she has been associated with GW as student, faculty member, and assistant dean, she has been known for imaginative leadership and sound administrative abilities."

Dr. Loeser has been an SGBA faculty member since 1966 when she became a university fellow in

business administration following her retirement from active duty as a lieutenant colonel in the United States Air Force. She has served successively as an adjunct assistant professor, assistant dean, associate professor, and professor of business administration. As assistant dean of SGBA from 1971 to 1973 she was instrumental in establishing and administering a new four-year undergraduate program in business administration; this successful program has grown approximately 300% since it was begun. The School of Government and Business Administration was founded in 1928 and presently has 75 faculty members and an enrollment of more than 3,500 students.

From January 1976 to June 1977, on a leave of absence from the university, Dr. Loeser was managing director of the Civil Aeronautics Board where she acted as chief executive officer reporting to the Board's chairman on all matters relating to the administration and management of the CAB. From April 1974 to January 1976, she served as a commissioner, appointed by the President, on the Defense Manpower Commission which had been created by Congress to study and make recommendations on

the personnel costs of a peacetime defense force.

Dr. Loeser holds three degrees from the university: the B.A. (1958), M.B.A. (1967), and D.B.A. (1971). Her fields of specialization include management and organization, personnel management, human behavior in organizations, comptrollership, and managerial economics. Her doctoral dissertation was titled "An Examination of the Top-Level Strategy Emanating from the Executive Branch of the Government Having an Impact on the Military-Industry Interface." She has also co-authored the book Executive Leadership: The Art of Successfully Managing Resources which was designed for practicing executives as well as graduate students. The co-author is Dr. Phillip D. Grub, Aryamehr Professor of Multi-national Management.

In the course of her distinguished military career she rose to the post of deputy director of women in the Air Force, developing military personnel programs for women which were instituted throughout the service. She also provided policy guidance and direction to major commands and headquarters staffs in the development of objectives, concepts, and policies on utilizing women officers and enlisted personnel.

She was awarded three United States Air Force Commendation Medals for Outstanding Achievements and meritorious service during her 22 years in the Air Force.

She is a member of the Academy of Management, American Management Association, American Economic Association, The Aero Club of Washington, The National Aeronautics Association, International Management Association, Futurist Society, The Retired Officers Association, GW Columbian Women, and the GW Personnel Society.

Dr. Loeser who enjoys skiing, yachting, golf, and gardening, lives in Alexandria, Virginia.

faculty newsnotes

PUBLICATIONS

DAVID L. ATKINS, associate professor of religion, "Evolution and Morphology of the Coyote Brain," chapter two in Coyotes: Biology, Behavior, and Management, Academic Press, 1978.

HERBERT J. DAVIS, associate professor of business administration, co-authored with Harvey W. Rubin, "Professional Certification in Management," Atlanta Economic Review, March-April 1978.

PROFESSIONAL ACTIVITIES

SAMUEL HALPERIN, director of the Institute of Educational Leadership, spoke on aspects of the politics of education at Brookings

Institution's Federal Executive Institute in Williamsburg, Virginia on March 7.

ALF HILTEBEITEL, associate professor of religion, spoke on the topic "The Waterbuffalo, the Sacrifice and the Goddess," at the University of Pennsylvania South Asia Seminar on "Symbols, Subsistence and Social Structure: The Ecology of Man and Animal in South Asia," on February 2.

ARNOLD MELTZER, professor of engineering and applied science, recently accepted an EASCON plaque honoring James N. Templeman and Nader Mehravari for their outstanding achievements in electrical engineering. EASCON is an annual conference on electronics and aerospace systems, sponsored by the Aerospace and Electronics Systems Society and the Washington Section of the Institute of Electrical and Electronics Engineers.

RICHARD C. THORNTON, professor of history and international affairs, and member of the Institute for Sino-Soviet Studies, was invited by Moscow's Far East Institute to lecture on and to discuss with their China scholars subjects of mutual interest during the week of March 19.

FIRST DILTHEY FELLOWSHIPS AWARDED -- The first recipients of the Dilthey Fellowships for Interdisciplinary Scholarship are Professor of Law Elyce H. Zenoff and Associate Professor of Biology Henry Merchant. Professor Zenoff will analyze psychological and psychiatric data on violent juvenile offenders and consider the usefulness of such studies to those who formulate policy for treatment and/or punishment. Professor Merchant will investigate changes in the biota of Rock Creek Park in relation to the history of adjacent urbanization and policies of park use. The fellowships, established in February of this year (to be awarded annually) carry stipends of \$2,500 each to enable recipients to devote two summer months to full-time research. The awards were made by the Steering Committee of the Division of Experimental Programs.

LIBRARIES HOURS -- For the convenience of the university community the hours of the University Libraries through Sunday, May 7, are listed on pages 3 and 4.

faculty newsnotes

PUBLICATIONS

FREDERICK AMLING, professor of business finance. Investments: An Introduction to Analysis and Management, Prentice-Hall, Englewood Cliffs, 1978

JOSEPH J. CARR, technician in the Hospital Bioelectronics Laboratory. Elements of Electronic Communications, Reston Publishing Co., Reston, 1978

AHMED K. NOOR, professor of engineering and applied science. "Thermal Stress Analysis of Double-Layered Grids," Journal of the Structural Division, Vol. 104, No. ST2, February 1978

PROFESSIONAL ACTIVITIES

ROGER E. KAUFMAN, associate professor of engineering, recently had two of his research projects featured in news articles. The Exceptional Parent (February 1977) and Technology Review (June 1977) both carried articles pertaining to Professor Kaufman's research on "Creative Technological Aids for Handicapped Children." Professor

Kaufman's KINSYN III computer system was reported in Mechanical Engineering (1977) and Machine Design (October 1977).

YOUNG C. KIM, professor of political science and international affairs, and a member of the Institute for Sino-Soviet Studies, lectured on "Japanese Policies toward the Soviet Union and the Peoples Republic of China" at the Foreign Service Institute on March 15.

PETER F. KLÄREN, associate professor of history, presented a paper on "The Rise of Capitalism in Peru" at the Latin American Social Science Association conference on "The Economic History of Latin America" April 5-8 in Lima, Peru.

BARBARA MEREDITH, coordinator of Continuing Education for Women's publication specialist program, was the luncheon speaker at the Association of American Publishers' Technical/Science/Medical division annual seminar held in New Jersey April 3. Her topic was "The Publisher of Tomorrow--an Educator's View." She was also the moderator of a one-day seminar at the College of William and Mary on "Washington Publishing--What it is and What it Does," on April 7.

BERNARD MERGEN, associate professor of American civilization, presented a paper entitled "Playgrounds and Playground Equipment, 1885-1925: Defining Play in Urban America," at the fourth annual meeting of The Association for the Anthropological Study of Play in South Bend, Indiana, on March 23. On March 31, Professor Mergen presented a paper on "Industrial Recreation, 1900-1930: Opiate of the American Worker?" at the Seventh International Conference on History of Sports and Physical Education in Paris, France.

AHMED K. NOOR, professor of engineering and applied science, addressed the Structural Dynamics and Materials Conference on "Continuum Models for Beam-Like and Plate-Like Lattice Structures," April 3-5 in Bethesda.

DAVID E. RAMAKER, assistant professor of chemistry, co-authored the following papers: "A Molecular Orbital Interpretation of Auger Line-ships in Covalent and Ionic Oxides," with J.S. Murday, presented at the March meeting of the American Physical Society in Washington; " $L_{23}VV$ and $L_1L_{23}V$ Auger Lineshapes of Si in SiO_2 ," with J.S. Murday, N.H. Turner, G. Moore, M.G. Lagally, and J. Houston, presented at the International Topical Conference on the Physics of SiO_2 and its Interfaces March 22-24 in Yorktown Heights, New York; and "The Use of Auger Electron Spectroscopy for the Investigation of Oxide/Nonoxide Mixtures," with N.H. Turner, J.S. Murday, presented at the spring meeting of the American Chemical Society in Anaheim, California March 12-17.

LIBRARIES HOURS

The University Library

Monday, April 17, through Friday,
April 21 8:30 a.m. to 12 midnight

*Saturday and Sunday, April 22
and 23 10 a.m. to 2 a.m.

Monday, April 24 through Friday,
April 28 8:30 a.m. to 2 a.m.

Saturday and Sunday, April 29
and 30 10 a.m. to 2 a.m.

Monday, May 1, through Wednesday,
May 3 8:30 a.m. to 2 a.m.

Thursday and Friday, May 4 and 5 8:30 a.m. to 12 midnight

Saturday, May 6 10 a.m. to 6 p.m.

Sunday, May 7 12 noon to 6 p.m.

*During the period April 22 through May 3, the Reserve Department will extend the hours of service: on Saturday until 10 p.m., and Sunday through Friday until 12 midnight.

The Jacob Burns Law Library

Monday, April 17, through Friday,
April 21 8 a.m. to 12 midnight

Saturday and Sunday, April 22
and 23 9 a.m. to 12 midnight

Monday, April 24, through Friday,
April 28 8 a.m. to 12 midnight

Saturday and Sunday, April 29
and 30 9 a.m. to 12 midnight

Monday and Tuesday, May 1 and 2 8 a.m. to 12 midnight

Wednesday, May 3, through Friday,
May 5 8 a.m. to 12 midnight
with 2nd Floor open to 2 a.m.

Saturday and Sunday, May 6 and 7 9 a.m. to 12 midnight

The Himmelfarb Health Sciences Library

Regular hours Monday, April 17, through Sunday, May 7, as follows:

Monday through Thursday	7:30 a.m. to 12 midnight
Friday	7:30 a.m. to 10 p.m.
Saturday	10 a.m. to 10 p.m.
Sunday	10 a.m. to 12 midnight

SPECIAL EDITION FOR FRIDAY, APRIL 20, 1979

The University is shocked and saddened by Thursday morning's fire in Thurston Hall President Elliott said today. "We are taking every step to address the concerns and to alleviate inconveniences to students and their families in the aftermath of this unfortunate event."

HOW THE FIRE STARTED

The cause of the fire is still under investigation by the Hartford Insurance Company and by the District of Columbia Fire Department.

RECOVERY EFFORTS

The staff of the Division of Student Affairs, the Security force, and the Physical Plant group have been working continuously to ameliorate, insofar as may be possible, the effects of the fire of April 19 in Thurston Hall and to provide support to shaken students and to restore order. Spaces in other halls have been provided for students whose rooms were damaged by the fire and others who wish to be relocated. We plan clean-up efforts through the weekend, and it is hoped that students wishing to return to their rooms on the fifth floor may do so by Wednesday.

The residence hall staff has worked around-the-clock counseling students affected by the trauma. The staff of the university's Counseling Center has expanded its hours to accommodate those in need of assistance, and

extra security has been placed in Thurston to provide support as well as to control the traffic flow.

FROM THE PROVOST'S OFFICE

It should be noted that this type of traumatic experience has different effects on individual students. Some have lost papers, textbooks, and other materials which they will need in preparing for final examinations. Dr. Bright encourages all members of the faculty to make every effort toward helping individual students to finish their academic programs. Some were injured and will need to delay completion of their work. The majority should be helped and encouraged to complete their programs on time. Students should be carefully advised of the difficulties generally encountered by those taking four or five Incompletes to conclude a semester.

FROM THURSTON HALL

The Housing Office reports that the District of Columbia occupancy code allows in excess of 1,000 residents in Thurston. At the time of the fire, 890 students were assigned to the building's rooms and suites.

ABOUT THE CODES

Thurston Hall is in compliance with every aspect of the D.C. Building Code, the D.C. Housing Code, and the D.C. Fire

Regulations. Some of Thurston's fire retardant features follow. The building has solid masonry dividers between rooms and from floor to floor and has two enclosed, interior fire towers as required by the code. Last summer room doors and door frames were recoated with two coats of fire retardant paint. Application of the paint was approved and was inspected by the District government. The paint worked as it should have. Except in the immediate area of the flames, it foamed off and left exposed the original fire retardant paint applied when the university acquired Thurston. Thurston's all-wool carpeting has a low flame-spread rating. Except for one spot where the fire was intense, there was no combustion of the carpet or the Ormalon-type underpadding. Very little vinyl melted from the vinyl-covered fiberglass ceilings; the fiberglass did not burn. A new alarm system was recently installed in accordance with existing codes.

ABOUT SMOKE DETECTORS

The D.C. Smoke Detector Act of June 20, 1978, gives the university three years to install smoke detectors in all sleeping rooms. The installation is being designed and will be contracted for this summer. It will be completed in the fall of 1980 in all residence halls at GW -- a year ahead of the required time. The D.C. Building Code does not require a sprinkler system in dormitories.

WHAT ARE WE DOING TO STOP FALSE ALARMS?

Last November students in Thurston Hall were given written notice of the dangers of false alarms from the Office of Safety and Security. Students caught turning in a false alarm are expelled from university housing. In the past two years, six students have been turned out of housing for this offense. Residence Hall staff, in floor meetings and in small group meetings, have attempted to communicate the seriousness of this offense. To curtail disruptive behavior, effective last November, an additional guard was assigned to patrol Thurston Hall from midnight to 8 a.m.

SPRING COMMENCEMENTS, 1978 --

More than 2,600 graduates are expected to receive degrees at the university's spring commencements on Sunday, May 7, Sunday, May 21, and Friday, May 26.

President Elliott will confer degrees and bring greetings to the graduates at all the exercises. The deans of the schools and colleges will give the traditional charge to their graduates.

At the Graduate School of Arts and Sciences (Sunday, May 7, at 1 p.m. in the Dorothy Betts Marvin Theatre) the Reverend John P. Whalen, executive director, Consortium of Universities of the Washington Metropolitan Area, will be the speaker. A distinguished service award will be presented to Professor of Microbiology Mary Louise Robbins.

The School of Government and Business Administration graduates will be addressed by their retiring dean, Dean Peter B. Vaill. Professor Emeritus of Public Administration Waldo Sommers will receive a distinguished service award. (The exercises will be held Sunday, May 7, at 1:30 p.m. in Lisner Auditorium, GWU.)

The Columbian College of Arts and Sciences commencement will be held at 3 p.m. in the Smith Center on Sunday, May 7. J. Carter Brown, director of the National Gallery of Art, will deliver the address and will receive the honorary degree of Doctor of Letters. Maestro Mstislav Rostropovich, music director of the National Symphony Orchestra, will be honored with the degree of Doctor of Humanities. Student speaker at the Columbian College commencement will be Lee Michael Katz, who will receive the Bachelor of Arts. His dual major has been journalism and American civilization. Emeritus status will be conferred on four Columbian College faculty members: William Allan MacDonald, professor emeritus of art and archeology; Muriel Hope McClanahan, associate professor emeritus of English; Robert Hamilton Moore, professor emeritus of English; and Geza Teleki, professor emeritus of geology.

At the School of Engineering and Applied Science commencement (Sunday, May 7, at 3:30 p.m.) in the Dorothy Betts Marvin Theatre) Donald P. Hearth, director of the Langley Research Center, National Aeronautics and Space Administration, will speak and will receive

the degree of Doctor of Science.

At the School of Public and International Affairs exercises (Sunday, May 7, at 6 p.m. in the Marvin Theatre) ABC news correspondent Steve Bell will speak to the graduates. The student speaker will be Clifford J. White III, who will receive the degree of Bachelor of Arts. His major has been public affairs.

At the commencement of the School of Education and Human Development (Sunday, May 7, at 7 p.m. in Lisner Auditorium, GWU) graduates will hear an address by Edward J. Feeney, superintendent of schools of Prince George's County, Md.

At the National Law Center ceremony (Sunday, May 21, at 1:30 p.m. in the Smith Center) the speaker will be the Honorable Mortimer M. Caplin, a member of the university's Board of Trustees and a former commissioner of the Internal Revenue Service. The honorary degree of Doctor of Laws will be conferred on the Honorable John J. Wilson. Emeritus status will be awarded Professor of Law Arthur S. Miller.

At the exercises of the School of Medicine and Health Sciences (Friday, May 26, at 3:30 p.m. in Lisner Auditorium, GWU) Dr. Franz J. Ingelfinger, clinical professor of medicine at Boston University, and former editor of The New England Journal of Medicine, will speak and will receive the honorary degree of Doctor of Laws. Emeritus status will be conferred on five members of the faculty: Paula Reines Kaiser, associate professor anesthesiology; Calvin Trexler Klopp, professor emeritus of surgery; Mary Louise Robbins, professor emeritus of microbiology; Harold Stevens, professor emeritus of neurology; and Jonathan Marshall Williams, professor emeritus of clinical neurological surgery.

GRADUATES RECEPTION -- President Elliott and the Vice Presidents and the Deans and Faculties of those schools whose commencements will be held on Sunday, May 7, have invited the May 7 graduates to a reception on Saturday, May 6, from 8:30 to 11 p.m. in the third floor ballroom of the Marvin Center. The invitation is intended to include immediate families of the graduates as well. (Separate receptions and observances have already been planned by the deans and faculties in law and medicine later in the month.)

PROFESSIONAL ACTIVITIES

DANA D. FISCHER, assistant professor of political science and international affairs, was elected vice-chairman of the International Law Section of the International Studies Association and will serve as program director for the section's panels for the 1979 national meeting in Toronto.

KEN FISCHER, director of the Institute for Educational Leadership's Postsecondary Education Convening Authority, spoke at the National Conference on Higher Education concerning "Off-Campus Educational Activities: Who Approves What?" on March 21.

RICHARD J. FRANKIE, professor of higher education, spoke at the 27th annual conference of the Pennsylvania Association for Higher Education at Mechanicsburg, Pennsylvania, on April 7 on "Statewide Planning for Higher Education: Pennsylvania's Updated Master Plan."

MARGARET MCINTYRE, professor of education, was interviewed on WAMU-FM's "Kaleidoscope" talk show on March 21 on the subject of "Needs of Young Children." On March 27, Professor McIntyre was the leader of a session on "Needs of Young Children" at the Association for Childhood Education's annual meeting in Charlotte, North Carolina.

LEONARD NADLER, professor of education, received the Gordon Bliss Award from the American society for Training and Development. This is the highest award conferred by the Society each year to the individual who has made the most significant contributions to the profession.

GEORGE OLKHOVSKY, associate professor of Russian, presented a paper entitled "Continuity of Dissent in the U.S.S.R." on April 5 at the international conference on Cooperation of Democratic Countries held in Washington. On April 11, Professor Olkhovsky was interviewed by the Estonian Service of the Voice of America on his course "Soviet Dissent" and discussed several forms of dissent and resistance in the Soviet Union today.

SONYA QUITSLUND, assistant professor of religion, participated in "Ferment and Change: Women in Religion" at Bucknell University April 10-11. Professor Quitslund made two presentations: "Female Imagery in the Church Fathers" and "Because Christ was a Man: Women and the Priesthood." On April 14, Professor Quitslund participated in a discussion at the University of Maryland regarding "Women's Role in the Church--Past and Present--in Italy and Europe."

KLAUS THOENELT, professor of German, presented a paper, "Thomas Mann's Image of Tolstoy: Creativity and Critique in Literature" at the 1978 Tolstoy Colloquium sponsored by the Dilthey Society of GWU on April 8.

LISA WALKER, coordinator of the Institute for Educational Leadership's Education of the Handicapped Policy Project, addressed the National Education Association's 16th National Conference on "The Education for All Handicapped Children Act" on March 17.

EILEEN ZEITZ, assistant professor of sociology, has been awarded a National Science Foundation postdoctoral fellowship for the coming academic year.

GEORGE WASHINGTON AWARDS -- The George Washington Awards, established in 1976 to recognize outstanding contributions in any area of the university community by students, faculty, and staff, will be presented for the second time at the spring commencements of 1978. Award recipients include students, faculty and staff members. They are: Associate Professor of English A.E. Claeysens, Jr.; Professor Emeritus of Botany Kittie F. Parker; Professor of Zoology Stefan O. Schiff; Robert Caldwell, plumber, Physical Plant Department; Columbian College senior Margaret Stierwalt; Columbian College junior Patti North; School of Public and International Affairs junior Robert Zuccaro; third-year National Law Center student Peter Gutmann; and second-year National Law Center student Margo Broder.

SUMMER PARKING -- Temporary on-campus summer parking will become available on Monday, May 8. Permits will be issued on a first-come, first-served basis starting on Thursday, May 4, to become effective on May 8. Summer parking is available to those persons who are currently on the waiting list for parking, to all new full-

time administrative staff and to all summer-only employees (full-time or part-time). Temporary summer parking fees must be paid for in cash or by check. Both monthly and daily parking will be available. Those who wish further information may call the Parking Office at ext. 6405.

Parking at the Kennedy Center will be terminated for the spring at the end of this week. The last day that parking will be available at the Kennedy Center will be Friday, May 5.

faculty newsnotes

PUBLICATIONS

ANTHONY L. MESCHER, assistant professor of biology, co-authored with D. Gospodarowicz and J. S. Moran, a chapter entitled "Cellular Specificities of Fibroblast Growth Factor and Epidermal Growth Factor" in Molecular Control of Proliferation and Differentiation, Academic Press, 1978.

PROFESSIONAL ACTIVITIES

JAMES L. BREEN, professor of human kinetics and leisure studies, was elected to chair the International

Relations Council at the 93rd Anniversary Convention of the American Alliance of Health, Physical Education and Recreation in Kansas City, Missouri, April 7-11.

HAROLD LIEBOWITZ, professor of engineering and applied science, was elected secretary of the National Academy of Engineering. Election to this Academy is the highest honor and recognition that may be granted an American engineer. To date, 757 of a total of 1,200,000 engineers in the United States have been elected to the Academy. GW's School of Engineering and Applied Science has had three engineers elected: Professor MAURICE APSTEIN, the late Professor ALFRED FREUDENTHAL, and Dean HAROLD LIEBOWITZ.

GEORGE KAPLAN, coordinator of the Institute for Educational Leadership's Washington Policy Seminar, spoke on "The Paraprofessional in American Education" at a meeting sponsored by the Kansas State Department of Education in Hutchinson, Kansas, on April 20.

ROGER E. KAUFMAN, professor of engineering, was the U.S. delegate to the Second International Symposium on Linkages and Computer Aided Design Methods held in Bucharest, Romania, this past June. Professor Kaufman also served as the U.S. representative to the International Federation for the Theory of Machines and Mechanisms Commissions on Education and Publications at the commissions' meetings in Romania.

YOUNG C. KIM, professor of political science and international affairs and member of the Institute for Sino-Soviet Studies, served as a discussant at a seminar on U.S. policy toward Korea, held on April 6 at the Woodrow Wilson Center for Scholars.

PETER F. KLAREN, associate professor of history, spoke at Temple University's Latin American Seminar in Washington on contemporary Peruvian politics on April 15. Professor Klaren also spoke at a luncheon meeting of the Latin American Program at the Woodrow Wilson Center on his recent trip to South America in connection with the CLACSO Conference on the Economic History of Latin America.

JOHN M. LOGSDON, associate professor of political science and public affairs, lectured at the Institute of Air and Space Law at McGill University in Montreal April 10-11. His topic was "Past and Future Decisions in Space Policy." Professor Logsdon will hold the post of retiring chairman of the Committee on Science, Engineering, and Public Policy of the American Association of the Advancement of Science during 1978.

MAIDA WITHERS, associate professor of human kinetics and leisure studies, conducted a workshop for the Maryland State Arts Council Annual Conference for Dance on "Creative Process and Performance." During May and June, Professor Withers is narrating a ten-part series on dance for the "Knowledge" Series on NBC television. Professor Withers was guest lecturer of the Smithsonian Associates Dance Artist Series in conjunction with the Dance Concert Series, presented by the Washington Performing Arts Society.

INÉS AZAR, assistant professor of Spanish, "La textualidad de la Egloga II de Garcilaso," Modern Language Notes 93, March 1978.

DENNIS GALE, assistant professor of urban and regional planning, "The Transfer of Development Rights: Some Equity Considerations," Urban Law Annual, Spring 1978, Vol. 14.

JOHN HELMER, assistant professor of sociology, with Louis Maisel, "Analytical Problems in the Study of Presidential Advice: The Domestic Council in Flux," Presidential Studies Quarterly, Vol. 8, No. 1, Winter 1978; "Mental Health Problems of Vietnam Era Veterans," Report to the President from the President's Commission on Mental Health, Vol. III, April 1978; and, "Reorganization of Presidential Government in the United States," presented at the annual conference of the Political Studies Association of the United Kingdom, Coventry, England, March 1978.

PROFESSIONAL ACTIVITIES

INÉS AZAR, assistant professor of Spanish, lectured on "La Arcadia fingida: Readers and Reading in

El Quijote," at the Department of Comparative Literature, University of Iowa, on February 20.

DENNIS GALE, assistant professor of urban and regional planning, participated in the Task Force on Displacement and Relocation of the National Association of Housing and Redevelopment Officials meeting on April 25 in Washington. On April 28 Professor Gale was a member of a panel on "Neighborhood Reinvestment in the Inner City," at the annual conference of the Eastern Economics Association in Washington.

ROGER N. MILLEN, associate professor of engineering, presented a paper entitled "Operations Research Needs of Engineering Managers" at the joint national meeting of the Institute of Management Sciences and Operations Research Society of America in New York May 1-3. Professor Millen is also on the Executive Council of Omega Rho, the Operations Research honor society.

LEONARD NADLER, professor of education, was reappointed as a consulting editor to Adult Education, the professional journal in the field of adult education.

E. LAKIN PHILLIPS, professor of psychology, gave a series of lectures on behavioral methods in counseling/psychotherapy at the University of Oslo and consulted with the Department of Special Education, Public School System of Norway, April 11-18. Professor Phillips has been notified by Wiley Interscience, the publisher of his most recent book, Counseling and Psychotherapy: A Behavioral Approach, that the book will be translated into Spanish, and published by Editorial Limusa, S.A., Mexico City, Mexico.

RICHARD ZYGADLO, director of intramurals and recreation for men, attended the National Intramural-Recreational Sports Association conference in Chicago April 16-20, and was appointed to the N.I.R.S.A. Advisory Committee to the President's Council on Physical Fitness. Mr. Zygodlo was also re-elected president of the D.C. Metropolitan Extramural Association, an organization comprised of the 14 local colleges and universities which meets monthly to exchange ideas on intramural programming, and which also hosts tournaments in nine different sports for the winners of each member's respective tournaments.

(Special Edition)

GWU BOARD OF TRUSTEES ELECTS NEW CHAIRMAN, FIVE NEW MEMBERS -- The George Washington University Board of Trustees at its annual meeting Thursday, May 18, elected a new chairman and five new members.

Glen A. Wilkinson, Washington attorney, was elected board chairman. The five new trustees are: L. Stanley Crane, president of the Southern Railway System; Morton I. Fungler, Washington area realtor, president of Community Realty Company, Inc.; John T. Sapienza, Washington attorney; Carleton M. Stewart, chairman and chief executive officer of the American Security Corporation and American Security Bank, N.A.; and Robert L. Tull, chairman of the board and chief executive officer of Security Storage Company of Washington, D.C. Mr. Crane was elected as an alumni trustee, the others as charter trustees.

Dr. Sidney A. Levine, M.D., of Melrose, Mass., who has served six years as an alumni trustee, was made a charter trustee.

Retiring board chairman Charles E. Phillips, who has served as a trustee for 15 years, the last six as chairman, was

honored with the title of chairman emeritus. He joins former board chairman E.K. Morris in holding this title.

In other actions, the Board of Trustees:

--Raised the mandatory retirement age for all university employees from 65 to 70, effective January 1, 1979

--Established an Engineering Honors Scholarship Program to provide one-half tuition scholarships each year to 25 students who seek to obtain a bachelor's degree in engineering with an option to continue for a fifth year for a master's degree

--Endorsed the "Sullivan Principles" with regard to the university's policy toward investment in corporations with significant operations in South Africa. (The "Sullivan Principles" comprise a set of standards to be used voluntarily by corporations with operations in South Africa in an attempt to ameliorate working conditions for blacks in that country.)

Chairman-elect Wilkinson, who will assume his post July 1, has been a partner in the law firm of Wilkinson, Cragun & Barker since its founding in 1951 (as Wilkinson, Boyden & Cragun). A law alumnus of George Washington University (Juris Doctor, with honors, 1938), he is a native of Ogden, Utah, where he attended public schools prior to entering Brigham Young University where he received his B.S. in 1934, majoring in journalism and economics. He financed his undergraduate education by working as a stenographer and later as a newspaper reporter on campus activities for Utah and Colorado papers. Following a year of night classes at New York University, coupled with work during the day in real estate management, Mr. Wilkinson came to Washington to attend George Washington University Law School. He worked as an accountant at the Bureau of Reclamation of the Department of Interior while in law school and until 1939, when he was appointed law clerk for a year at the Board of Tax Appeals of the District of Columbia. In 1940, he was appointed Assistant Corporation Counsel for the District of Columbia, a post he held until June of 1942, when he entered the Army of the United States as a second lieutenant. He served until 1946 when he was awarded the Legion of Merit and separated from military duty with the rank of lieutenant colonel. He re-entered the practice of law in association with Ernest L. Wilkinson (a brother) in 1946 and joined in establishing his present firm in 1951.

Mr. Wilkinson's practice of law has spanned several fields including litigation in communications, appeals from FCC rulings, Indian tribal claims cases, tax and government contracts cases, general legal work for American Indian tribes, and legal work in criminal and other cases before the United States Supreme Court. He has been engaged in considerable activity on legislation before Congress, including work on behalf of the American Association of Presidents of Independent Colleges and Universities.

Active in GW alumni affairs, Mr. Wilkinson is a past president of the GW Law Association and has served as a member of the GW General Alumni Association governing board. In 1965 he received an Alumni Achievement Award from the university and in 1973 a General Alumni Association Service Award.

L. Stanley Crane, president of the Southern Railway System, since 1976, received the degree of B.S. in Engineering from GWU in 1938. He served as director of industrial engineering for Pennsylvania Railroad and was responsible for the development and operation of the first radio-controlled trains. In addition, he pioneered in research to measure track defects. He received the 1975 Outstanding Achievement in Management Award from the American Institute of Industrial Engineering and, in February of this year, an Alumni Achievement Award from George Washington University.

Morton I. Funger, president of Community Realty Company, is active in the field of real estate in the District of Columbia, Maryland, and Virginia. A member of the board of Apartment Owners and Builders Association of Washington, D.C., he served in 1970 as chairman of the Apartment House Council of the Metropolitan Washington Builders Association. In 1953 he received his B.A. from GW's School of Government and

Business Administration. He has served as chairman of the school's annual support fund (1974-1976). Currently president of the Jewish Community Foundation of Greater Washington, he was 1975 general chairman of the Washington committee for State of Israel Bonds, and in 1976 was a member of the board of governors for State of Israel Bonds.

John T. Sapienza, a partner in the law firm of Covington and Burling since 1949, received both his undergraduate and law degrees from Harvard (A.B., Harvard College, 1934; LL.B., Harvard Law School, 1937). In 1937-1938 he was law clerk to Judge Learned Hand, Court of Appeals, Second District, and in 1938-1939 law clerk to Associate Justice Stanley Reed of the United States Supreme Court. Admitted to the bar in New York in 1938 and to the D.C. bar in 1943, he was associated with the New York law firm of Wright, Gordon, Zachry and Parlin from 1939 to 1941. He first came to Covington and Burling in 1941. He served three years in the United States Navy (1943-1946) and attained the temporary rank of lieutenant commander. The James C. Sapienza Memorial Book Fund, in the GWU National Law Center, which he established in 1964, bears the name of his late father.

Mr. Stewart, who has been chairman and chief executive officer of American Security Corporation and American Security Bank since 1976, has been in the banking business for over 30 years. After receiving his master's degree in business administration from Harvard University in 1947, he joined Citibank, serving first in the bank's Far East district and later at its New York headquarters as a vice president. In 1973, he was transferred to London as the senior Citicorp. officer, a position he held until becoming chairman at American Security.

Mr. Tull has been with Security Storage since 1953 and has held increasingly responsible positions, becoming chairman and chief executive officer in 1976. He received his bachelor's degree in government and business administration from George Washington in 1949 and served in the Navy during the Korean War before joining Security Storage. He is a former president of the Better Business Bureau of Metropolitan Washington, the Kiwanis Club, and the Washington Executives Association.

Dr. Sidney A. Levine earned his M.D. from The George Washington University in 1941. He received his earlier education in the public schools of Melrose, Mass. and his Bachelor of Arts degree from the University of North Carolina (1937). He is engaged in the private practice of medicine in Melrose, mainly in the area of cardiology. Dr. Levine was the principal investigator for the Coronary Drug Project of the Melrose Wakefield Hospital Association. This project was supported by the National Heart, Lung and Blood Institute. He has also served as investigator of drugs for Searle, Sandoz, Roche. From 1946 to 1948 he was a resident at the Veterans Administration Hospital in West Roxbury, Mass., and from 1954 to 1969 chief of medical services at the Melrose Wakefield Hospital. He has also served as visiting physician at Melrose Wakefield Hospital and at New England Memorial Hospital in Stoneham, Mass. He has been associated with the Melrose Housing Authority and is a member of both the American and Massachusetts medical societies, the American Heart Association, the American College of Cardiology and the American College of Angiology.

PUBLICATIONS

JOSEPH J. CARR of the hospital Bio-
electronics Laboratory, How to
Design and Build Electronic Instru-
mentation, TAB Books, 1978.

DENNIS GALE, assistant professor of
urban and regional planning, "Dis-
location of Residents," Journal of
Housing, May 1978, and "The Trans-
fer of Development Rights: Some
Equity Considerations," Urban Law
Annual, Volume 14, 1977.

ROGER N. KAUFMAN, associate pro-
fessor of engineering, Fortran
Coloring Book, M.I.T. Press, 1978.

ANN M. KREMER, senior secretary
in the Office of Personnel
Services, has been selected the
1978 Woman of the Year by her
chapter of the American Business
Women's Association. Annually each
ABWA chapter elects a member for
this honor based on her advancement
in business, continuing education,
ABWA participation, and extra-
curricular activities. Special
recognition will be given to her at
the association's annual national
convention in Atlanta, November 2
through 5.

SOLOMON KULLBACK, professor emeritus of statistics, co-authored with D.V. Gokhale, The Information in Contingency Tables, Marcel Dekker Publishers, April 1978.

S. BENEDICT LEVIN, research professor of engineering administration, "Remote Sensing for Research Development and Management," ASEA International, Technology and Society Today, 1978.

WILLIAM H. MARLOW, professor of operations research, Mathematics for Operations Research, Wiley-Interscience, 1978.

LEONARD NADLER, professor of education, "If You are Planning for Tomorrow, Remember . . . It's Not What it Used to Be," Management Review, May 1978.

JAMES ROBB, professor of romance languages, "Estilización de temas metafísicos en Alfonso Reyes," Diálogos, México, Vol. 14: No. 2 (80), March-April 1978, and Estudios sobre Alfonso Reyes, Bogotá, 1976.

ELEANOR D. ROWE, assistant professorial lecturer in Slavic languages, Hamlet: A Window on Russia, New York University Press, 1978.

PROFESSIONAL ACTIVITIES

JEFFREY C. ANDERSON, assistant professor of art, and PETER WERRES, assistant professorial lecturer in German, have been awarded grants-in-aid for the preparation of their doctoral dissertations for publication by the American Council of Learned Societies.

ZEEV BARZILY, assistant professor of operations research, attended the joint national meeting of The Institute of Management Science and Operations Research Society of America held in New York City May 1-3. Professor Barzily presented a paper entitled "On Platoon Formation on Two-Lane Roads," co-authored with M. Rubinovitch. DONALD GROSS, professor of operations research, also attended the meeting, and spoke on "Spares Provisioning for a Heterogeneous Population," co-authored with J.F. Ince. ANTHONY V. FIACCO, professor of operations research, attended the same meeting, presenting an invited talk on "An Overview of Results in Sensitivity Analysis for Nonlinear Programming." WILLIAM H. MARLOW, professor of operations research, at the same meeting presented a paper on "Survey of Approaches to Readiness," co-authored with ZEEV BARZILY AND S. Zacks.

DANA D. FISCHER, assistant professor of political science and international affairs, has been elected to serve another term on the Executive Council and Executive Committee of the American Society of International Law. Professor Fischer served as a judge on the Jessup Moot Court semi-finals during the American Society of International Law's annual meeting April 26-28 in Washington.

SAMUEL HALPERIN, director, Institute for Educational Leadership, moderated a briefing session on "Education Policy in the Carter Administration" at the Council on Foundations' 29th annual conference, May 3, in Washington.

BETH JOHNS, associate director for management, Institute for Educational Leadership, conducted a workshop on "Consumer Rights and Education" on April 21 at the Midwest Regional Conference of the Delta Sigma Theta Public Service Society in Minneapolis.

JAMES P. LESTER AND MICHAEL J. STOIL, graduate teaching fellows in the political science department, attended the annual meeting of the Midwest Political Science Association in Chicago April 20-22 and presented a paper on "Problems in the Evaluation of Teaching Simulations: Role-Specific versus Role-Generalized."

DORN C. MCGRATH, JR., professor of urban planning, presented a paper on "Land Use Planning to Reduce Airport Noise Impact" at the International Air Transportation Meeting sponsored by the Society of Automotive Engineers in Boston on May 4.

HARRY ROBERT PAGE, professor of business administration and associate dean, School of Government and Business Administration, addressed the S.G.B.A. alumni, students and faculty in the Tidewater, Virginia area on May 13. Dr. Page's remarks concerned "GWU and Graduate Education for Management," developing his views on where GW stands among the 346 nationally recognized graduate schools of management.

SAM ROTHMAN, professor of engineering administration, presented a paper entitled "Engineers are Human" at the annual meeting of the Conveyor Equipment Manufacturers Association on May 4 in Arlington, Virginia.

ELEANOR D. ROWE, assistant professorial lecturer in Slavic languages, was a guest lecturer at the University of Maryland on March 8, speaking on "Hamlet and Russian Culture." On April 7, Professor Rowe taped a radio interview on "Hamlet in Russia" at WNYC in New York, to be broadcast there on Saturday, May 20, and nationally at a later date. On April 14 and 15, Professor Rowe conducted six seminars on "The Occult" as part of the Conference on American Civilization, held at Walt Whitman High School in Bethesda. She taped an interview for Voice of America on April 25, regarding Washington's two recent productions of Hamlet at the Folger Theater and the Arena Stage. As a guest lecturer at the Folger Shakespeare Library on May 3, Professor Rowe presented a slide talk on "Hamlet: A Window on Russia."

CHUNG WEN SHIH, professor of Chinese, addressed a panel sponsored by CETA at the Foreign Service Institute on "The Climate for Communication and Exchange with China." She spoke at the Foreign Service Institute on March 8 on "The People's Republic of China Today," and also served on the Research Awards Committee of the National Endowment for the Humanities in March. Recently, Professor Shih was elected to the advisory board of the Chinese Literature Journal, and spoke at the Chinese Drama Symposium held at Wayne University on "History and Tradition of Classical Chinese Theatre."

GASTON J. SIGUR, professor of international affairs and director of the Institute for Sino-Soviet Studies, appeared in an interview on the Fuji Television Network in Japan on April 19. Professor Sigur responded to questions about the Carter administration's policies toward the Soviet Union and China.

CARL STEINER, associate professor of German, read a paper on "An Age Longing for Unity: Thoughts About the Role of Modern Literature in our Time" at the Second Annual Symposium on Comparative Literature and International Studies at the Monterey Institute of Foreign Studies, on May 7.

LIBRARIES HOURS

The University Library

Monday through Thursday	8:30 a.m. to 10 p.m.
Friday	8:30 a.m. to 6 p.m.
Saturday	12 noon to 6 p.m.
Sunday*	12 noon to 10 p.m.

*The Reference and Audio-Visual desks close at 9 p.m. on Sunday evening during the summer.

There will be no late hours (10 p.m. to 12 midnight) until the Fall Semester.

The Jacob Burns Law Library

Monday through Friday	9 a.m. to 10 p.m.
Saturday	9 a.m. to 6 p.m.
Sunday	12 noon to 10 p.m.

The Himmelfarb Health Sciences Library

Monday through Thursday	7:30 a.m. to 9 p.m.
Friday	7:30 a.m. to 6 p.m.
Saturday and Sunday	10 a.m. to 6 p.m.

AV Study Center Hours

Monday through Friday	8:30 a.m. to 6 p.m.
Saturday and Sunday	CLOSED

DISPOSITION OF SURPLUS OR OBSOLETE EQUIPMENT -- The Office of Safety and Security reminds department and administrative heads of the requirement to report all surplus or obsolete equipment to the Director of Procurement and Supply services for disposition instructions.

The Consumer Product Safety Commission, in connection with an educational institution's sale of used laboratory equipment to staff or students, has cautioned that "failure to provide buyers or users with adequate warnings or instructions could constitute a substantial product hazard."

SARP RECEPTIONS -- Members of the faculty and the administrative staff are invited to attend the four informal receptions which are part of the Summer Advance Registration Program (SARP). The receptions provide an opportunity to meet entering students and their parents. The receptions are held from 5 to 6 p.m. in the Marvin Center Ballroom. They are scheduled for today (Monday, June 26), Thursday, June 29, Thursday, July 6, and Monday, July 10.

For further information on the SARP program, call the Student Activities Office, ext. 6555.

VENDING AREA HOURS -- The Ground Floor Vending Area in the Marvin Center is open from 7 a.m. to 12 midnight every day of the week. Homemade donuts and coffee are available from 7:30 to 9 a.m. Monday through Friday. At other times, the vending machines offer a variety of choices.

PUBLICATIONS

DENNIS E. GALE, assistant professor of urban and regional planning, "A Skeptic's View of Transferable Development Rights," Transferable Development Rights, published by the National Conference of State Legislatures and the New Jersey Law Revision and Legislative Services Commission, June 1978.

ROY C. LINDHOLM, associate professor of geology, "Triassic-Jurassic Faulting in Eastern North America-- A Model Based on Pre-Triassic Structures," Geology, Vol. 6, 1978.

SAM ROTHMAN, professor of engineering administration, "National Oceanic and Atmospheric Administration Ocean Engineering Technology Transfer Operation," a research report prepared under a Department of Commerce contract, March 1978.

PROFESSIONAL ACTIVITIES

MANSOUR F. ARMALY, professor of ophthalmology, has been awarded the International Glaucoma Congress's Medal of Achievement, the highest honor granted by the organization in recognition of contributions to glaucoma research, diagnosis, and therapy. The award pays tribute to Dr. Armaly's work over the past 20 years in defining the natural history of glaucoma, in developing techniques of early detection and monitoring of function loss in the eye, and in demonstrating the genetic character of the disease.

WILLARD E. CALDWELL, professor of psychology, has been appointed as a faculty consultant to the International Institute for Humanistic Studies at Geneva, Switzerland. Professor Caldwell will supervise the work of GW students who will be studying there with Dr. Konrad Lorenz, a distinguished professor of ethology, who will be teaching "The Philosophy of Biology."

HERBERT DAVIS, associate professor of business administration, was a member of a review team selected by the American Council on Education to evaluate courses conducted by the U.S. Postal Service Training and Development Institute on May 15 and 16. On June 2 and 3 Professor Davis moderated a symposium entitled "Alternative Workweek Patterns: Problems, Issues, and Prospects." This panel was composed of leading government and academic research authorities and was conducted as part of the annual meeting of the American Institute for Decision Sciences--Northeast Regional Division, held on the GW campus.

JAMES E. FALK, professor of operations research, presented a paper entitled "An Application of Infinitely Constrained Programming" to the graduate students of the Department of Industrial and Systems Engineering at the University of Florida at Gainesville on June 2.

JAMES D. FOLEY, associate professor of engineering and applied science, lectured on "The Human Factors--Computer Science Interface" at the Symposium on Human Factors and Computer Science, sponsored by the Potomac Chapter of the Human Factors Society and the Human Factors Society Technical Interest Group for Computer Systems. The symposium was held at Catholic University on June 1.

LANCE J. HOFFMAN, associate professor of engineering and applied science, presented a paper on "SECURATE: Security Evaluation and Analysis Using Fuzzy Metrics," at the 1978 National Computer Conference in Anaheim, California.

ARIEL HOLLINSHEAD, research professor of medicine, addressed the June 10 commencement of Ohio University, Athens, Ohio. Her topic was "On Being Effectively Creative."

GEORGE KAPLAN, coordinator of the Institute for Educational Leadership's Washington Policy Seminar, spoke to the Educational Press Association of America concerning "Education Policy and the Carter Administration" on May 18 in Washington.

ROY C. LINDHOLM, associate professor of geology, presented a paper entitled "Tectonic Control of Sedimentation in Triassic--Jurassic Culpepper Basin, Virginia" at the annual meeting of the American Association of Petroleum Geologists in Oklahoma City, in April.

CARL STEINER, associate professor of German, was elected vice president of the American Goethe Society of Washington, D.C.

"GW IN BRIEF" -- GW in Brief, a short fact sheet about the university, is now available in limited quantities from the Office of Public Relations. The publication, measuring 8½" by 4", gives information on the campus, enrollment, faculty, staff, alumni, residence hall space, financial operations, etc. There are listings of the major divisions with their dates of founding and of all undergraduate majors. The purpose of GW in Brief is to provide general information on questions most frequently asked. The Office of Public Relations is located in Room 705, University Library, 7th Floor, telephone 676-6460.

UNIVERSITY BOOKSTORE NOTE:

All special orders for books should be directed to Beverly Thomas who is in charge of special orders for books transmitted through the University Bookstore, both for departments and individuals.

faculty newsnotes

PUBLICATIONS

DOUGLAS L. JONES, associate professor of engineering; PATHICKAL K.

POULOSE, assistant research professor of engineering; JOHN EFTIS, professor of engineering and applied science; and HAROLD LIEBOWITZ, professor of engineering and applied science, "G_c and R Curve Fracture Toughness Values for Aluminum Alloys Under Plane Stress Conditions," Journal of Engineering Fracture Mechanics, Vol. 10, No. 3, 1978.

JAMES D. LEE, assistant research professor of engineering, and HAROLD LIEBOWITZ, professor of engineering and applied science, "Consideration of Crack Growth and Plasticity in Finite Element Analysis," Journal of Computers and Structures, Vol. 8, No. 3/4, May 1978.

PROFESSIONAL ACTIVITIES

ROBERT P. DONALDSON, assistant professor of biology, presented a paper entitled "Subfraction of Endoplasmic Reticulum from Castor Bean Endosperm" at the Plant Sciences Conference at the Virginia Polytechnic Institute and State University, in Blacksburg, Virginia June 25-29.

DANA D. FISCHER, assistant professor of political science and

international affairs, lectured at the Foreign Service Institute on June 6th and 7th concerning "New Frontiers in International Law."

TERRY L. HUFFORD, associate professor of botany, presented a paper on "The Socratic Methodology: Is it Compatible with Multi-Media Instruction and Large-Enrollment Classes?" at the Plant Sciences Conference at Virginia Polytechnic Institute and State University in Blacksburg, Virginia, June 25-29.

ELIZABETH JOHNS, associate director for management of the Institute for Educational Leadership, spoke on "Women and Child Abuse" at the Washington Policy Seminar for Minority Women on May 27.

SIDNEY JOHNSON III, director of the Family Impact Seminar of the Institute for Educational Leadership, addressed the Minnesota Governor's Conference concerning "Public Policies and Family Impact" on May 23.

GARTH P. MCCORMICK, professor of applied science, spoke at the Army Research Office Meeting on Large-Scale Optimization on "Large-scale Nonlinear Programming." The meeting was held in Dover, New Jersey, on July 6 and 7.

J. KENNETH MCDONALD, associate professor of international affairs, has been elected to a three-year term on the Alumni Council of Phillips Academy in Andover, Massachusetts. Professor McDonald was a class reunion chairman at Phillips's 200th anniversary celebration held June 1-4, and he also serves as an alumni admissions interviewer for the Washington area.

DORN C. MCGRATH JR., professor of urban planning, addressed the American Right of Way Association on "Federal Imperatives for Local Planning," on June 27 in Houston.

ROGER N. MILLEN, associate professor of engineering, will be visiting professor of operations management at the Whittemore School of Business and Economics, University of New Hampshire, effective September 1, 1978. Professor Millen will assist in establishing joint programs for the schools of engineering and business at the University of New Hampshire.

AHMED K. NOOR, professor of engineering and applied science, was elected to the National Academy of the Sciences' committee on Technology of Large Space Structures.

GEORGE OLKHOVSKY, associate professor of Russian, presented a paper entitled "Continuity of Resistance in the USSR" on June 21 at the Freedoms Foundation at Valley Forge. He then participated in three seminars discussing forms of dissent in the Soviet Union today.

ARTHUR H. PURCELL, adjunct professor of engineering and applied science, received the 1978 Northwestern University Alumni Merit Award for outstanding contributions to his profession.

TERESA M. SCHWARTZ, professor of law, has been appointed by President Carter as a White House Fellow for 1978-79. The White House Fellowship program was established in 1964 to provide outstanding Americans with firsthand experience in the process of governing the nation. In addition to their job assignments with the Vice President, members of the Cabinet, and with the White House staff, the 15 Fellows, chosen from more than 2,000 applicants, will participate in an education program that includes off-the-record discussions with top-level government officials, journalists, and leaders from various other segments of private life.

FRANK G. STERRETT JR., training manager, department of personnel services, was appointed National Chairman of the Student Services Committee of the American Society for Training and Development at its annual convention held in Chicago on June 21. The committee is to identify and implement strategies designed to develop and sustain student involvement in the field of training and development.

STEPHEN J. WAYNE, associate professor of political science and public affairs, was a guest speaker on the AM Canada television program on June 26. Professor Wayne spoke about the legislative veto and the current tensions between Congress and the presidency.

*Published by the Office of Public Relations
Jane Lingo, Editor David Baruch, Assistant Editor*

Special Edition for Tuesday, September 5, 1978 (128)

SELF-EVALUATION DRAFT -- Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of handicap, requires that the university conduct a self-evaluation of its programs in light of the regulations implementing the act. A report on the self-evaluation has been drafted. Included are assessments of academic programs, services, and the hospital. Interested faculty, staff, and students are invited to read the report in the Office of the Provost (Rice Hall, 8th Floor) and to provide any comments they may have to Marianne Phelps, Assistant Provost for Affirmative Action.

DIRECTOR OF ALUMNI RELATIONS-- Jon C. Keates has been named the university's director of alumni relations effective in mid-October. Mr. Keates, 34, comes to George Washington from Brown University where he has been director of alumni relations since 1973. He was also a lecturer in the English Department. A 1966 magna cum laude graduate of Brown, he received his master's degree in English literature from Duke University in 1970.

He will be responsible for the organization and direction of the university's Alumni Relations Office and its programs and will work

in cooperation with the leadership of constituent groups to support and coordinate alumni activities.

National recognition was awarded three years in succession to Brown University for its alumni programs and administration under Mr. Keates's direction. The awards were made by the Council for the Advancement and Support of Education (CASE), which has an organizational membership of more than 2,000 colleges and universities.

Mr. Keates has served as an admissions officer both at Brown and Duke universities and was a lecturer in the department of English at Duke as well. As an undergraduate, he was a varsity athlete in track.

DIRECTOR OF SERVICES FOR STUDENTS WITH DISABILITIES -- Linda A. Donnels has been appointed director of services for students with disabilities. She comes to the university from Gallaudet College, where she has been an adult basic education specialist for the college's Center for Continuing Education since 1974. Since January 1978, she has been a sign language instructor at Montgomery College in Rockville. She holds a B.S. in English Education from Ohio

State, an M.A. in Counseling from Gallaudet, and has done post graduate work at the University of New Orleans and at Lewis and Clark College in Portland, Oregon. Faculty and staff are encouraged to use Director Donnels as a consultant in their work with disabled students. The Services for Students with Disabilities Office is located in Room 410, Rice Hall, ext. 6710.

REPLACEMENTS FOR I.D. PHOTOS -- Replacement photos for university I.D.s will be available this week only on Friday, September 9, instead of Thursday as usual. The time and place will be the same: between 3 and 4:30 p.m. in the Office of Records and Benefits, Building GG, 2125 G Street, N.W. For further information, call ext. 4459.

KENNEDY CENTER PARKING -- Kennedy Center parking for the fall is now available. Full-time members of the administrative staff who are on the waiting list for parking on campus may use the Kennedy Center parking garage Monday through Friday from 6 a.m. until 7:30 p.m. All staff members must have the proper identification sticker, issued by the GWU Parking Office, as well as \$1.50 in pre-paid staff parking tickets. These can be purchased in the Parking Office. The shuttle bus will operate Monday through Friday from 6:30 a.m. until 7:15 p.m. More detailed information about Kennedy Center parking arrangements can be picked up in the Parking Office, 2211 H Street, N.W.

HIMMELFARB LIBRARY LIMITED ACCESS POLICY -- The Himmelfarb Library will resume a limited access policy during evening and weekend hours, effective today, Tuesday, September 5, 1978, and continuing through Friday, May 25, 1979, excluding the semester break. After 6:30 p.m. weekdays and during weekend hours, the library will limit access to its primary constituency - university faculty, Medical Center faculty, staff and students, basic science graduate students, and all others enrolled in health-related studies. The library's facilities and resources are available to the entire university and the wider community of persons requiring access to medical information between the hours of 8:30 a.m. and 6:30 p.m., Monday through Friday. Faculty are asked to contact Shelley Bader, chief, Access & Facilities Services Division (ext. 2982) concerning special access cards for students requiring use of the Himmelfarb Library's resources.

DIMOCK GALLERY NOTES -- It is requested that Lenore Miller, curator of the Dimock Gallery, be notified of any work of art on campus which needs attention, cleaning or repair work because of any damage. Call ext. 7091.

Works of art from the GWU permanent collection which are available for placement in various university locations will be shown in the Dimock Gallery (off the lower lounge of Lisner Auditorium, GWU) on Thursday, September 21, from 12 noon to 4 p.m. At that time, representatives from campus offices can come to the gallery to select objects they wish to display in their areas. There is an initial \$10.00 loan charge per art work for this service.

LIBRARIES HOURS -- For the convenience of the university community, information on the hours of the University Libraries follows.

The University Library

Monday, September 5, through Friday, September 8	8:30 a.m. to 10 p.m.
Saturday, September 9	10 a.m. to 6 p.m.
Sunday, September 10	12 noon to 12 midnight
Monday, September 11	Fall Hours begin

Fall Hours are: Monday through Friday, 8:30 a.m. to 12 midnight
Saturday, 10 a.m. to 10 p.m.
Sunday, 10 a.m. to 2 a.m.

The Jacob Burns Law Library

Fall Hours are now in effect. Fall Hours are:

Monday through Friday, 8 a.m. to 12 midnight
Saturday, 9 a.m. to 12 midnight
Sunday, 9 a.m. to 12 midnight

The Himmelfarb Health Sciences Library

Fall Hours are now in effect. Fall Hours are:

Monday through Thursday, 7:30 a.m. to 12 midnight
Friday, 7:30 a.m. to 10 p.m.
Saturday, 10 a.m. to 10 p.m.
Sunday, 10 a.m. to 12 midnight

BOOKSTORE HOURS -- Hours of the University Bookstore today, Tuesday, September 5, through Saturday, September 9, are as follows:

Tuesday and Wednesday, September 5 & 6	8:45 a.m. to 7:30 p.m.
Thursday, September 7	8:45 a.m. to 6:30 p.m.
Friday, September 8	8:45 a.m. to 5 p.m.
Saturday, September 9	9 a.m. to 1 p.m.

PUBLICATIONS

SAMUEL HALPERIN, director, Institute for Educational Leadership, "Emerging Educational Policy Issues in the Federal City: A Report from Washington," Occasional Paper No. 42, The National Center for Research in Vocational Education, July 1978.

CHING-YAO HSIEH, professor of economics, with A.A. Abushaikh and Anne Richards, A Short Introduction to Modern Growth Theory, University Press of America, September 1978.

GEORGE R. KAPLAN, Institute for Educational Leadership, "Federal Education Policy in Transition," The New York University Quarterly, Summer 1978.

EMMET KENNEDY, associate professor of European history, "Destutt de Tracy and the Unity of the Sciences," Studies on Voltaire and the 18th Century, Vol. 171, 1977.

WILLIAM H. MARLOW, professor of operations research, Mathematics for Operations Research, New York: John Wiley & Sons, Inc., 1977.

CARL STEINER, associate professor of German, "How American is Amerika?" Journal of Modern Literature, Vol. VI, No. 3, September 1978.

ALBERT TEICH, associate professor of public affairs, with W. Henry Lambright, "Scientists and Government: A Case of Professional Ambivalence," Public Administration Review, Vol. 38, No. 2, March/April 1978.

PROFESSIONAL ACTIVITIES

SAR A. LEVITAN, professor of economics, chaired the National Commission on Employment and Unemployment Statistics, which was established by Congress to recommend improvements in the nation's labor statistics.

ANTHONY V. FIACCO, professor of operations research, presented a paper entitled "Algorithmic Calculations of Sensitivity Analysis in Mathematical Programming," and chaired a plenary session at a symposium, "Constructive Approaches to Mathematical Models," held in honor of R.J. Duffin at the Mellon Institute of Carnegie-Mellon University, July 10-14.

DENNIS GALE, assistant professor of urban and regional planning, participated in a hearing of the Congressional Home Ownership Task Force concerning the problem of inner city displacement of low income families on August 8.

SAMUEL HALPERIN, director, Institute for Educational Leadership, addressed the Summer Institute of the Council of Chief State School Officers, Padre Island, Texas, on "Educational Policy-making in Washington: 19 Propositions--and 5 Proposals," in July.

GAIL SHORT HANSON, dean of students, was a member of a task force assembled by the American Association of Collegiate Registrars and Admissions Officers and the American Council on Education to produce Recruitment, Admissions, and Handicapped Students: A Guide for Compliance with Section 504 of the Rehabilitation Act of 1974.

MONROE HURWITZ, Bookstore manager, was elected president of Metro Books, the local organization of college bookstores in the Baltimore-Washington area.

E. LAKIN PHILLIPS, professor of psychology, attended the annual meeting of the National Society for Autistic Children, in Dallas.

DORN C. MCGRATH, JR., professor of urban planning, addressed the National Resources Law Section of the American Bar Association at its annual meeting in New York on August 9, on the topic "Rehabilitating the Urban Environment."

HARRY R. PAGE, professor of business administration, was honored at the annual convention of the Air Force Sergeants Association in San Antonio on August 23, on the occasion of the announcement of the new Harry R. Page Scholarship program for children of Air Force personnel.

ALBERT H. TEICH, associate professor of public affairs, addressed the Institute of International Education, Multi-Regional Project on Energy Research and Technology, on "Relationships Between the Government and the Private Sector in the Conduct of Energy R & D," on July 19, in Washington.

UNIVERSITY LIBRARY CHANGES --

In an administrative reorganization of the University Library, Martha Bowman, assistant university librarian for technical services since October, 1975, has been appointed associate university librarian. She can now be reached at ext. 6060. Prior to coming to George Washington, she held administrative positions at the University of Maryland's McKeldin Library. With the reorganization, University Librarian Rupert Woodward (ext. 6455) will handle special requests by faculty and academic departments as well as complaints not otherwise resolved at the department-head level. Marty Anderson (ext. 6455) will handle the scheduling of the three University Library Seminar rooms (302, 402, and 502) for comprehensive examinations. Michael Esman, non-print catalogue librarian in the University Library since February 1977, has been appointed chief catalogue librarian.

Catherine A. Jones, assistant university librarian for reader services since November 1973, resigned in August to become Chief, Reference Division, Congressional Research Service, Library of Congress.

GWU CLUB HOURS -- The hours of operation of The George Washington University Club are now as follows:

Monday 11:30 am to 3 pm

Tuesday through
Friday 11:30 am to 9:30 pm

Saturday 5:30 pm to 9:30 pm

Closed Sundays and Holidays

Office Hours: Monday through
Friday, 9 am to 5 pm

Services during the club's operating hours are:

Luncheon buffet, 11:30 am to 2 pm

A la carte service, 11:30 am to 3pm

Dinner service, 5:30 pm to 9 pm
in the President's Dining Room

Cocktail lounge, 11:30 am to 9:30pm

There is a happy hour every Thursday from 5 to 6:30 pm.

faculty newsnotes

PUBLICATIONS

HAROLD P. GREEN, professor of law, The Energy Law Guide, Chicago, Callaghan and Company, August 1978.

FRANK N. MILLER, professor of pathology, Pathology: A Dynamic Introduction to Medicine and Surgery, 3rd edition, Boston, Little Brown and Company, 1978.

HENRY MALCOLM STEINER, professor of engineering administration, Conflict in Urban Transportation, Lexington, Massachusetts, Lexington Books, 1978.

DEWEY D. WALLACE, JR., professor of religion, "George Gifford, Puritan Propaganda and Popular Religion in Elizabethan England," The Sixteenth Century Journal, Vol. IX, April 1978.

PROFESSIONAL ACTIVITIES

CONSTANCE COSTIGAN, assistant professor of design, had a triptych entitled "Views from the Center, Inscape Triptych III," acquired by the Hirshhorn Museum and Sculpture Garden for the permanent collection. In June, Professor Costigan received a "Grant to Artists in Mid-Career" from the Lester Hereward Cooke Foundation to help continue her work on the large Inscape and Numina Series.

JAMES D. FOLEY, associate professor of engineering and applied science, presented a paper entitled "Raster Graphics Extensions to the Core Graphics System" at an Army graphics conference held at Airlie House on July 20. On August 21-22, Professor Foley described raster graphics hardware and software at a workshop in Atlanta, sponsored by the Association for Computing Machinery's special interest group for graphics.

JEFFREY R. HENIG, assistant professor of political science, participated in a panel at the American Political Science Association meetings on September 1, dealing with the topic of "Academic Aspects of Neighborhood Organization Research." He also co-authored a paper on "Crime Prevention and Fear Reduction in the Commercial Environment" that was presented at the June meeting of the National Conference for Local Elected Officials.

LANCE J. HOFFMAN, associate professor of engineering and applied science, presented a paper on "Personal Computers and People" at the Second Rocky Mountain Symposium on Microcomputers, and chaired a session on the social impact of microcomputer systems.

LEONARD NADLER, professor of education, served as the liaison for the Executive Council of the International Federation of Training and Development Organizations in arranging a meeting for the council with a member of the National Security Council in June. Dr. Nadler also

attended the meeting. In July, he conducted workshops in Manila on "Human Resource Development--Concepts and Roles." Professor Nadler has also been appointed to the Design Committee for the 1979 conference of the American Society for Training and Development.

GASTON SIGUR, professor of international affairs, spoke at the Foreign Correspondents Club of Japan on "U.S.-China Relations" in Tokyo on August 25. He lectured on "American Policy in Asia" at the Japanese Self-Defense Forces Headquarters in Tokyo on August 26.

ALAN WADE, assistant professor of speech and drama, was recently elected treasurer of the Washington, D.C. professional chapter of Zeta Phi Eta, the national communication arts and sciences fraternity.

MAIDA R. WITHERS, associate professor of human kinetics and leisure studies, was a guest faculty member at Wesleyan University during July, teaching an intensive workshop in "Creative Process." At the conclusion of the extended residency, she was joined by her dance company, "The Dance Construction Company" for a two-day residency and concert performance at Wesleyan.

UNITED WAY KICKOFF-- The 1978 George Washington University United Way Campaign will kick off at a meeting on Monday, October 9, at 10 a.m. in Room 410-415 in the Marvin Center. Frederic A. Hooper, research and resources officer, School of Engineering and Applied Science, the 1978 chairman, will welcome those attending and introduce President Elliott who will speak, followed by Chairman Emeritus of the Board of Trustees E.K. Morris. (Dr. Morris is the founder of the United Givers Fund, which became the United Way.) Mr. Vincent Gray, executive director of the District of Columbia Association for Retarded Citizens, a United Way agency, will make brief remarks. Miss Deborah Walls, United Way loaned executive for the GW campaign, will also be present as a resource person. Packets will be ready for keypeople to pick up. The Macke Company is donating coffee and donuts for the meeting.

Members of the Planning Committee for the GW 1978 United Way campaign are: Frederic A. Hooper, research and resources officer, School of Engineering and Applied Science; John Hawkins, assistant administrator, the Medical Center; Doris Yuspeh, administrative assistant, Medical Faculty Associates, the Medical Center; James Olson, assistant to the Dean for Administrative

Affairs, the Medical Center; Elizabeth G. Fisher, R.R.A., director, Medical Records; Lelia Kent, univeristy cashier; and Jane Lingo, assistant director of public relations.

EDUCATIONAL TESTING SERVICE NOTE-- The university has received a report from the Educational Testing Service showing the institutions to which applicants to George Washington have also sent reports of their College Board scores, according to Director of Admissions Joseph Y. Ruth. This information may be said to show in a general way the other institutions in which applicants to GW are interested.

George Washington received College Board score reports from 6,305 applicants. Of this number, 1,788 also had sent reports to Georgetown, 1,314 to American University, and 1,303 to Boston University. The next three, in descending order, were: the University of Maryland in College Park (967), the University of Pennsylvania (705), and the University of Virginia (686).

Syracuse was next with 659, followed by Cornell University with 516, then came Penn State, Tufts, Harvard, Radcliffe, Boston College, Howard University, Duke, Princeton, Catholic University of Massachusetts, and Johns Hopkins University. The second half

of the list is headed by Brown with 310 and ends with the University of North Carolina with 231. The list as a whole includes institutions almost exclusively located in the area from Massachusetts to Virginia with the exceptions of Tulane, Northwestern, and Washington University in St. Louis.

GW FORUM-- The general topic for the fall issue of the GW Forum will be the "Me Generation" -- the popular American philosophy that personal pleasure and self-satisfaction are the keys to full living. Personal essays which include an examination of this philosophy as it relates to the writer and his community are sought by the editorial board. Associate Professor of English A.E. Claeysens is serving as editor-in-chief. The editorial board believes the topic is open to wide interpretation and many approaches. Each essay should be from between 1,000 to 2,000 words in length. Deadline for submitting entries is Tuesday, October 24. They should be sent or delivered to Professor Claeysens, Stuart Hall, 2013 G Street, N.W., Room 407.

DIRECTOR OF STUDENT HEALTH SERVICE-- Mary R. Capon, M.D., has been named director of the Student Health Service. A graduate of St. Mary's Hospital Medical School, London University, London, England, Dr. Capon has been on the staff of the Health Service since 1970, and has been assistant director since 1973.

PUBLICATIONS

NANCY R. MANN, research professor of engineering, "Weibull Tolerance Intervals Associated with Moderate to Small Survival Proportions for Use in a New Formulation of Lanchester Combat Theory," Naval Logistic Research Quarterly, Vol. 25, No. 1, March 1978.

BERNARD M. MERGEN, associate professor of American civilization, an essay, "Billy Carter: Lord of Misrule" American Humor: An Interdisciplinary Newsletter, Vol. 5, No. 1, Spring 1978.

NADINE NATOV, associate professor of Russian, "Structural and Typological Ambivalence of Bulgakov's Novels Interpreted Against the Background of Baxtin's Theory of 'Grotesque Realism' and Carnivalization," American Contributions to the Eighth International Congress of Slavists, Vol. 2, Columbus, Ohio, Slavica Publishers, 1978.

NOZER D. SINGPURWALLA, professor of operations research and research professor of statistics, "Estimating Reliability Growth (or Deterioration) Using Time Series Analysis," Naval Research Logistics Quarterly, Vol. 25, No. 1, March 1978.

PROFESSIONAL ACTIVITIES

HERBERT J. DAVIS, associate professor of business administration, returned recently from an extensive lecture tour sponsored by the Department of State

and the International Communication Agency. The topic of his lectures, symposia and workshops was "Managerial Expertise and Economic Development: Socio-Cultural Dimensions." He traveled to New Zealand, Australia, Papua New Guinea, the Philippines, Singapore, Thailand, Nepal, India, and Pakistan. He delivered the annual address before the Philippine Council of Management and the Thailand Management Association. He also spoke to the Singapore Training and Development Association, the Singapore Institute of Management, and the National Institute for Development Administration in Bangkok. In his travels, he conducted seminars with graduate business students and faculty. He spoke on "The Development of Management Thought" at the Victoria University of Wellington in New Zealand. A research paper by Professor Davis, "The Production/Operations Management Instructor at Accredited AACSB Institutions: A Cross-Regional Profile" was presented before the Academy of Management. Two of his research papers were presented at the annual meeting of the American Risk and Insurance Association: "Sources of Job Stress for the FLMI: A Comparative Analysis" and "Ethical Beliefs and Behavior of Insurance Practitioners."

CARL A. LINDEN, associate professor of international affairs and political science, delivered two lectures on "The Tradition of Western Political Thought" to students at the Inter-American Defense College on September 14. He participated as a consultant at the college in a seminar on the topic "Democracy in the Contemporary World" on September 18.

LEROY S. MERRIFIELD, Lobingier professor of jurisprudence and comparative law, participated in the 9th Congress of the International Society for Labor Law and Social Security, September 10-16 in Munich, Germany. He was named to the society's U.S. National Committee, which will plan for the 10th Congress to be held for the first time in the United States -- here in Washington, D.C.

NADINE NATOV, associate professor of Russian, delivered a paper, "Structural and Typological Ambivalence of Bulgakov's Novels," at the Eighth International Congress of Slavists, which took place in Zagreb, Yugoslavia, September 3-9, 1978. As head of the organizing committee for the IVth International Dostoevsky Symposium, scheduled for August, 1980, Professor Natov went to Bergamo, Italy, to begin preparations for the symposium.

NEIL A. TILKENS, associate professor of music, conducted a workshop on classical concerto movements for the Greater Laurel Music Teachers Association on Sunday, September 17, in Laurel, Maryland.

ANNUAL FUND SURPASSES \$1.7

MILLION -- The university's 1977-1978 Annual Support Fund surpassed \$1.7 million this year the Development Office reports. This amount, coupled with building and endowment capital funds of \$1,958,055, makes a total of \$3,717,058 in contributions. The Annual Support Fund exceeded a million dollars for the first time five years ago. "This is the first fund in GW history to pass a million and a half," noted 1977-1978 Fund Chairman Stephen R. Woodzell, (B.S.E.E., 1933). Mr. Woodzell, a past president of the Potomac Electric Power Company, has been a member of the university's Board of Trustees for 11 years. This year's total was contributed by 15,516 donors who gave \$1,759,003. Funds received through the phone calls of Telethon volunteers totalled \$101,301. More than 4,500 alumni, or 34 per cent, contributed through GW Telethons. National Telethon Chairman was J. Frank Doubleday, (M.A., S.G.B.A., 1955). University Trustee L. Stanley Crane, (B.S. in Eng., 1938) served as chairman for community and corporate support.

40-HOUR WORK WEEK -- In order to place all university employees on the same standard work week, the university will implement, effective July 1, 1979, a 40-hour week, President Elliott has announced. Official business hours of

the university will be from 8:30 a.m. to 5 p.m. Adjustments may be made in individual work schedules to insure a 40-hour work week for each full-time employee. In order to serve better all students (both full-time and part-time), some offices will have additional evening hours for conducting university business. Appropriate public notices will be posted from time to time to acquaint the university community with such schedules, the President said.

RED CROSS BLOOD DRIVE -- The university-sponsored Red Cross Blood Drive will be held on Monday, October 23, in the Cloyd H. Marvin Center, Rooms 402, 404, and 406 between the hours of 10 a.m. and 3:30 p.m. Donations will be by appointment only. Those who wish to donate should call ext. 6555 to schedule a time. Questions about donor eligibility should be directed to the Red Cross, telephone, 857-3767. Those who do not find an appointment convenient may go to the Red Cross Blood Donor Center at 2025 E Street, N.W. The center, a five-minute walk from the campus, is well equipped to take walk-in donors. The Red Cross Blood Drive at George Washington is being coordinated by the Student Activities Office.

CHECK CASHING SERVICE REMINDER -- Check cashing service is available for

university staff, employees, and students with ID in the Cashier's Office, Rice Hall, 3rd Floor, between the hours of 10 a.m. and 4 p.m. Monday through Friday.

faculty newsnotes

PUBLICATIONS

TERRY L. HUFFORD, associate professor of botany, "The Socratic Teaching Method and Multi-Media Instruction," Plant Science Bulletin, 24(3), September 1978.

ROBERT A. HADLEY, associate professor of history, "The Foundation Date of Seleucia-on-the-Tigris," Historia XXVII (1978) 228-230.

GREGORY LUDLOW, associate professor of French, "Voltaire and Samuel Beckett: A Comparative Study of Candide and The Unnamable," The Comparatist, May 1978.

ROBERT H. WALKER, professor of American civilization, an essay, "The Poet and the Rise of the City," which appears as the opening chapter in a new American studies text, Images of the American City and the Arts, compiled by Joel Michelson (Kendall/Hunt, 1978).

PROFESSIONAL ACTIVITIES

JAMES L. BREEN, professor of human kinetics and leisure studies, presented a paper, "Maestria De Artes En Educacion-Desarrollo Turistico Y Administracion De Viajes" at the Congress of the International Council for Health, Physical Education, and Recreation in Mexico City in the summer of 1977.

ANTHONY G. COATES, professor of geology, set up a cooperative research project on the geology of cretaceous rocks of the Koppet Dagh Mountains in June and July with Professor A. Aryai of the University of Mash'had, Iran. On September 14 and 15 he gave two graduate seminars at the invitation of the Geology Department of the State University of New York at Binghamton. In June he spoke to the Paleontological Society of Washington on "Mobility in Fossil and Recent Corals."

VARY T. COATES, associate director of the Program of Policy Studies in Science and Technology, is on loan to the Department of Energy under an Intergovernmental Personnel Act assignment, to serve as Associate Director for Environmental Impacts, Division of Technology Assessment, Office of the Environment, Department of Energy. She and her husband, Joseph Coates (Office of Technology Assessment, U.S. Congress) are again teaching a course in Technology Assessment in the Graduate Program in Science, Technology and Public Policy, offered jointly with the American University.

DENNIS E. GALE, assistant professor of urban and regional planning, attended the national conference of the American Institute of Planners in New Orleans

and gave a paper entitled, "Neighborhood Resettlement and Displacement: People and Policies." He also participated in a panel and lectured on "Gentrification and Neighborhood Revitalization: The Planner's Role in Conflict Mediation."

ROBERT A. HADLEY, associate professor of history, gave a lecture, "The Kings of Kommagene and the Hellenistic Ruler Cult," to the Washington Classical Society on September 25.

MARGOT S. KERNAN, visiting associate professor of speech, is having an exhibition of 24 of her photographs, entitled "Moving Pictures," at the Foundry Gallery, 2121 P Street, N.W. through Saturday, October 21. On January 12, 1979, the exhibition is scheduled to open at The Photographers' Gallery, Ltd., in London, to remain there until February 11.

MARGARET MCINTYRE, professor of education, was one of three panel members discussing the question "When Are Children Ready for Kindergarten?" on the Kaleidoscope program on Radio Station WAMU for a one and a half hour period on September 19. A condensed, one-hour version was broadcast on September 28. Professor McIntyre is beginning her fourth year as the writer of the early childhood feature column in Science and Children, published eight times a year by the National Science Teachers Association.

DANIEL SINICK, professor of education, addressed the North Carolina Vocational Guidance Association at Winston-Salem September 30 on "Career Counseling with Exceptional Persons."

WALTON E. SMITH, associate professor of management science, has been elected to the National Board of Directors of the University of Missouri Alumni Association for a two-year term.

(132)

S. PINKNEY TUCK MEMORIAL FELLOWSHIP IN INTERNATIONAL AFFAIRS--The S. Pinkney Tuck Memorial Fellowship for the academic year 1979-1980 will be offered to a student in the School of Public and International Affairs at George Washington. The fellowship was established in 1976 with a grant to DACOR, (Diplomatic and Consular Officers, Retired), by Mrs. Katherine Tuck, widow of the late S. Pinkney Tuck, who had a long and distinguished career in the consular and foreign service of the United States.

The award carries a stipend of \$4,500 for one year of advanced study in international affairs at an accredited university of the recipient's choice and is to be made to an undergraduate senior of American citizenship, selected for academic excellence. At the end of the fall semester, Dean Burton M. Sapin of the School of Public and International Affairs, with the advice of his Dean's Council, will nominate three candidates from the Class of 1979. (Prospective graduates for both February and May will be eligible.) Final selection will be made by the Education Committee of DACOR.

S. Pinkney Tuck entered the old Consular Service, later part of the Foreign Service, following his graduation from Dartmouth in 1913. He served in a number of posts throughout the world and was appointed ambassador to Egypt in 1944. He retired after

four years in that position and became a member of the Governing Board of the Suez Canal in Geneva.

SPIA seniors who wish to be considered should inform Dean Sapin by letter no later than January 15, 1979. Letters should detail applicants' interest and background in international affairs and their plans for graduate study. Supporting letters from at least two faculty members are requested.

FAMILY LIFE RESEARCH--There is an opportunity for families or couples to participate in research on family life and family interaction with a focus on decision-making processes and conflict resolution. Each family or couple will have one session of approximately one hour and a half at the Center for Family Research in Ross Hall. For further information, contact Dr. Jeffrey Jay, Center for Family Research, ext. 2624.

DIRECTOR OF STUDENT FINANCIAL AID--Vicki J. Baker has been appointed director of student financial aid as of October 1. She succeeds Mrs. Joyce Dunagan, director for four years, who resigned to become assistant director of the National Association of Student Financial Aid Directors.

Miss Baker has been associated with the university since 1971 when she joined the Cashier's Office. In 1973, she moved to the staff of the Financial Aid Office as a financial aid counselor.

She subsequently was promoted to senior financial aid counselor and assistant director. She holds two degrees from George Washington, both in history (B.A., 1969; M.A. 1971).

GUIDE TO COMMUNITY INVOLVEMENT PROGRAMS--Commitments, A Guide to Community Involvement Programs, The George Washington University is available from the Office of Public Relations, University Library, Room 705. This 68-page booklet describes in detail the university's involvement with the greater Washington community in all kinds of service programs.

faculty newsnotes

PUBLICATIONS

ELIZABETH A. FISHER, adjunct assistant professor of classics, "Theodora and Antonia in the Historia Arcana: History and/or Fiction?" Arethusa 11 (1978) Women in the Ancient World, pp. 253-280.

DENNIS E. GALE, assistant professor of urban and regional planning, "Issues in the Use of Transferable Development Rights for Land Use Control and Environmental Preservation," Planning Comment, Fall 1978. (The article was based on an earlier paper presented at the 25th Anniversary Symposium of the City Planning Department of the University of Pennsylvania. Planning Comment is published by the University of Pennsylvania as a quarterly.)

EDWIN P. KULAWIEC, associate professor of education, a translation of The Warsaw Ghetto Memoirs of Janusz Korczak, October 1, 1978, University Press of America.

RICHARD C. THORNTON, professor of history and international affairs, "The Political Succession to Mao-Tse Tung," Issues & Studies, June 1978.

PROFESSIONAL ACTIVITIES

ELIZABETH B. ADAMS, associate professor of management, spoke on September 20 to the Washington chapter of the American Society of Women Accountants on "Improving Written, Oral, and Computer Communications" with special attention to the problems of professional women.

NICHOLAS T. LAPPAS, assistant professor of forensic studies, presented two papers at the 12th semi-annual meeting of the Mid-Atlantic Association of Forensic Sciences in Pittsburgh on September 29 and 30. The paper "Graduate Education in the Forensic Sciences" was co-authored by WALTER F. ROWE, assistant professor of forensic studies and CHARLES E. O'REAR, professor of forensic sciences. The paper "An Estimate of the Post Mortem Interval by Means of the In-Vitro Utilization of Glucose by Cerebral Cortical Homogenates" was co-authored by Jack W. Snyder, a graduate student in the department of forensic sciences.

CARL A. LINDEN, associate professor of international affairs and political science, recently completed a critical evaluation of a research plan on Soviet sensitivities

being developed by the Center for Advanced Studies of the General Electric Company in Washington, D.C.

J. KENNETH MCDONALD, associate professor of international affairs, delivered a lecture on "The Birth of the Modern Profession of Arms and the Democratization of War" to students at the U.S. Marine Corps Command and Staff College, Quantico, Virginia, on October 2.

DORN C. MCGRATH, JR., professor of urban planning, addressed the Society of Architects of the National Polytechnic Institute of Mexico (SAIPN) in Mexico City on September 22 on the challenge to architecture and urbanism of the Charter of Machu-Picchu. On October 2, he spoke to the National Airports Conference at the University of Oklahoma on the subject "Land Use Planning and Control in Airport Environs." He has been elected to honorary membership in the National Institute of Urbanism and Planning of Peru.

ROBERT H. WALKER, professor of American civilization, was the guest of Academia Sinica during the first major American studies conference in China. He presented a paper on methods of comparing Chinese and American cultures and served as commentator at a session stressing literature as a social index. The conference took place in Taipei, October 6 through 8.

ANNUAL SUPPORT FUND CHAIRMAN --

Margaret Truman Daniel has accepted the post of national chairman for the university's 1978-1979 Annual Support Fund. She succeeds University Trustee Stephen R. Woodzell under whose chairmanship the 1977-1978 fund surpassed \$1.7 million.

"This is a very nice honor," Mrs. Daniel said in accepting the chairmanship. "I will do my very best to help."

Mrs. Daniel is an alumna of the university (B.A., 1946). She was awarded the honorary degree of Doctor of Humane Letters at the Winter Convocation of 1975. She is the author of the best-selling biography of her late father, Harry S. Truman. On the occasion of her graduation from the Columbian College in 1946 as a history major, her father, then President of the United States, gave the address and received the honorary degree of Doctor of Laws. Mrs. Daniel made her debut as a concert singer in Pittsburgh in 1947, and between then and 1955 she made some 30 concert tours across the country. She continued to make regular radio and television appearances, was co-host on the NBC program "Weekday," and for seven years, conducted her own interview program, "Authors in the News." In addition to her father's biography, she is the author of Souvenir, a personal memoir, and White House Pets. She is a member of the board of directors of Riggs National Bank of Washington, D.C. and a

member of the Cathedral Chapter, the governing board of the Washington Cathedral. She is the wife of Clifton Daniel, former associate editor of The New York Times.

Serving with Mrs. Daniel in the Annual Support Fund effort will be University Trustee L. Stanley Crane, chairman of business and community support, and the chairmen for the individual schools and colleges. They are: Issa Khozeimeh, School of Engineering and Applied Science; Dr. Mary Louise Robbins, Graduate School of Arts and Sciences; F. Elwood Davis, Esq., National Law Center; Dee R. Parkinson, M.D., Medical Center; James C. Vanstory, Jr., Columbian College of Arts and Sciences; William D. Steeves, Jr., School of Public and International Affairs; Dr. Armand B. Weiss, School of Government and Business Administration; Dr. Harvey D. Snyder, College of General Studies; and Dr. Lawrence Winkler, School of Education. Professor Joseph L. Metivier, Jr., will serve as chairman of faculty and staff giving.

BASKETBALL SEASON TICKET DISCOUNT --

Again this year, full-time faculty and staff are invited to purchase half-price season tickets for the basketball season.

The season package of home games at the Charles E. Smith Center in the 1978-1979 season includes games with such opponents as Rutgers, Georgetown, Florida State, West Virginia, Pittsburgh,

Massachusetts, and Villanova. The faculty-staff price is \$22.50 Individual game tickets are \$4. Season tickets may be purchased on Monday, November 6. They may also be ordered in advance and picked up on November 6. Further information may be obtained from Doug Gould in the Basketball Ticket Office, ext. 3865.

FRIENDS OF THE LIBRARIES FORUM -- The Friends of the Libraries Forum, which meets at lunch time and presents informal lectures by faculty members and other speakers, has planned two occasions for the fall semester. Assistant Professor of Philosophy Paul Churchill will speak on "What's 'Natural' about Natural Rights?" on Thursday, October 26. Professor of German James King will talk about his research on Boethius on Thursday, November 30. Both Friends Forum meetings will be held in Room 202 of the University Library and begin at 12 noon. All members of the university community are welcome. Those attending are encouraged to bring their lunches. The library staff provides coffee.

PUBLICATIONS

FREDERIC R. SIEGEL, professor of geochemistry, and JACK W. PIERCE, adjunct professor of geology, "Geochemical Exploration Using Marine Mineral Suspensates," Modern Geology 1978, Vol. 6, pp. 221-227.

PROFESSIONAL ACTIVITIES

LLOYD S. BOWLING, professor of speech and hearing, taught a short course for teachers of special education in the public schools of Brasilia (Brazil) September 11 through 22. The topic was speech, language, and hearing problems of the school-aged child. Professor Bowling traveled to Brasilia to give the course at the request of the director of special education for the Federal District of Brasilia. The request came from the director through the Partners of the Americas. Brasilia and the District of Columbia are partner cities.

RICHARD F. ERICSON, professor of management, is serving as program chairman for the silver anniversary international meeting of the Society for General Systems Research scheduled for London in August of next year. Theme of the meeting will be "Avoiding Social Catastrophes and Maximizing Social Opportunities: The General Systems Challenge."

RODERICK S. FRENCH, associate professor of philosophy and director of the Division of Experimental Programs, spoke at the 32nd Annual Meeting of the National Trust for Historic Preservation in Chicago. His speech, "Preservation in the Public Interest," was given at a session on future directions for the preservation movement.

EDWIN P. KULAWIEC, associate professor of education, was invited to attend the International Congress Commemorating the 100th Anniversary of the Birth of Polish doctor, writer, and educator Janusz Korczak in Poland October 10-16. At the invitation of the Polish Minister of Education, Professor Kulawiec served as the U.S. representative on the planning committee for the commemorative congress. He presented his paper,

-more-

"Janusz Korczak in the Context of Contemporary American Realities," at the education section of the congress which was jointly sponsored by UNESCO and the Polish Ministry of Education.

THELMA Z. LAVINE, Elton professor of philosophy, served as a seminar speaker and consultant on problems of the philosophy of man and social change at the Inter-American Defense College, Fort Lesley J. McNair, on September 14.

LEONARD NADLER, professor of education, spoke at the 2nd Congress of the Brazilian Society for Training and Development in Sao Paulo, Brazil, on "Issues in Human Resource Development."

PHYLLIS M. PALMER, adjunct assistant professor of women's studies and American civilization, gave the final commentary on a 30-minute documentary on "Women's Work" on television station WNVN, Channel 53/14 on Wednesday, October 18, at 7:30 p.m.

MARIE T. PLUNKET, office supervisor, Procurement and Supply Department, has been elected president of the Lady Fairfax Chapter of the American Business Women's Association. The association has over 1,500 chapters and an active membership of more than 96,000. The organization sponsors scholarships for students who need assistance to further their education. Two George Washington students are former recipients of this scholarship.

JAMES W. ROBB, professor of romance languages, presented a paper in the Portuguese section of the 28th Mountain Interstate Foreign Language Conference at Berea College, Kentucky, on October 13. The paper was entitled "Alfonso Reyes e Cecilia Meireles: Uma Amizade Mexicano-Brasileira."

(134)

BOARD OF TRUSTEES ACTIONS -- The Board of Trustees at its meeting on Thursday, October 19, approved the establishment of programs of study leading to three new degrees: the degree of Master of Accounting in the School of Government and Business Administration, and the degrees of bachelor of arts and master of arts, both in Middle East Studies, in the School of Public and International Affairs.

In other action the board passed unanimously a motion presented by the Committee on Student Affairs recommending that the president of the George Washington University Student Association (GWUSA) be invited to attend, as a guest of the Chairman of the Board, regular meetings of the Board of Trustees. Trustee John B. Duncan is chairman of the board Committee on Student Affairs. The president of the General Alumni Association and the chairman of the executive committee of the Faculty Senate regularly observe board meetings as guests of the chairman.

The board's action with regard to the invitation to the GWUSA president reinstitutes a previous policy set some years ago, when the president of the then student government was invited to attend board meetings as an observer. Students have not attended meetings on a regular basis since 1970 when the

student government voted itself out of existence.

INTERNATIONAL LITERARY PRIZE -- James W. Robb, professor of romance languages, has been awarded the 1978 Alfonso Reyes International Literary Prize by the Mexican government for his diverse studies of Mexico's great literary humanist Alfonso Reyes, which include five books to date, published in Mexico, Spain, Colombia, and the United States. This prize is designed to recognize the accomplishments of literary artists or scholars who have distinguished themselves in one or more of the disciplines of Reyes the poet, essayist, narrator, dramatist, literary critic and theorist. It has previously been awarded to such figures as Argentine poet-fictionalist J.L. Borges, French literary humanists Marcel Bataillon and Andre Malraux, Cuban novelist Alejo Carpentier and Spanish poet Jorge Guillen.

BLUE CROSS/BLUE SHIELD AND HMO OPEN ENROLLMENT -- Enrollment is now open for Blue Cross/Blue Shield and HMO health insurance coverage. This open enrollment period will continue through Monday, November 20. During this time, all full-time employees are given the opportunity to enroll in one of the health plans, to add or change coverage or to transfer coverage

between Blue Cross/Blue Shield and one of the HMO plans.

Employees desiring to enroll or to change their coverage are asked to visit the Records and Benefits Division of the Office of Personnel Services, 2125 G Street, N.W., during this period and complete an application card. The effective date of coverage or changes applied for will be January 1, 1979.

For further information call 676-4480.

PUBLICATIONS

JEFF R. BLANK, assistant research professor of education, an article, "Jobs-Career Key: A Test of Occupational Information," Vocational Guidance Quarterly, Vol. 27, No. 1, September 1978.

MICHAEL M. KING, associate professor of chemistry, and Linda S. King, A Guide to Searching the Biological Literature (Library Science Series) slide-tape program, Science Media 1978.

DAVID J. SHARPE, professor of law and of medical and public affairs; SALVATORE F. FISCINA, assistant clinical professor of health care sciences and professorial lecturer in law; and MURDOCK HEAD, Airlie professor of medical and public affairs, Cases and Materials on Law and Medicine. American Casebook Series, West Publishing Company, 1978. (Primarily for law students but intended to be usable by lawyers teaching medical students, experimental versions used both in Schools of Law and Medicine in 1977-1978.)

PROFESSIONAL ACTIVITIES

NANCY D. JOHNSON, assistant professor of human kinetics and leisure studies, coordinator of dance degree programs, department of HKLS, and MAIDA R. WITHERS, associate professor of human kinetics and leisure studies, sponsored a Workshop on Research in Dance in conjunction with CORD (Congress on Research in Dance) on Saturday, October 14, in the Dorothy Betts Marvin Theatre.

DONALD C. LINKOWSKI, professor of education, gave the keynote address to the Second National Conference on Postsecondary Education and the Disabled Individual in Dayton, Ohio, October 4-6. His topic was "Successful Access of Postsecondary Programs by Disabled Persons: Examining the Impact of Attitudes." JEFFREY STRULLY and SHARON MISTLER of the Regional Rehabilitation Research Institute on Attitudinal, Legal, and Leisure Barriers at GWU gave a presentation on "Strategies for Developing and Maintaining the Best Use of Reserve Materials Related to Attitudes." PHILIP DEITCH, a graduate student in Health Care Administration, presented a paper "How to Organize Consumer-Based Strategies for Change."

GEORGE A. OLKHOVSKY, associate professor of Russian, chaired a special session featuring a well-known human rights activist, Mihajlo Mihajlov, at the Tenth

National Convention of the American Association for the Advancement of Slavic Studies in Columbus, Ohio, on October 12.

CARL STEINER, professor of German, read a paper, "Georg Kaiser, Ein moderner Mythenmacher," at the Georg Kaiser Symposium in Edmonton, Canada, on October 14.

KLAUS THOENELT, professor of German, gave a paper "Verwandlung und Tod in Goethes Wilhelm Meister" at the October 12 meeting of the American Goethe Society at the Embassy of the Federal Republic of Germany.

JOHN E. ZIOLKOWSKI, associate professor of classics, led a bus tour and lectured on "Classical Influences in Architecture in Washington, D.C." for members attending the meeting of the Classical Association of the Atlantic States on October 21.

EISENHOWER INAUGURAL MEDALS --

Inaugural medals from the 1953 and 1957 inaugurations of President Dwight D. Eisenhower have been presented to the university by the former chairman of the Republican National Committee Leonard W. Hall and Mrs. Hall. The 1953 medal bears the raised image of President Eisenhower alone. The 1957 medal shows both President Eisenhower and Vice President Richard M. Nixon. Both medals are fourteen-carat gold and were struck by the Medallic Art Company of New York City. The 1953 medal is one of two gold medals struck. The 1957 medal is one of three. The two medals will become part of the Darrell C. Crain Collection of Inaugural Medals at the university.

SGBA DOCTORAL PROGRAM -- In keeping with the nature of the newly instituted changes in the curriculum of the D.B.A./D.P.A. degree programs in the School of Government and Business Administration, candidates may include courses and supporting fields of study in departments throughout the university. Handbooks are being sent to most departments for use by faculty and staff in advising SGBA doctoral students who take advantage of this opportunity. For further information, call ext. 6298.

HIMMELFARB LIBRARY REFERENCE HOURS
-- The Himmelfarb Health Sciences

Library has extended its reference hours. Reference assistance is now available Monday through Friday between the hours of 8:30 a.m. and 5 p.m. The reference department provides bibliographic, instructional, and information services. Individual and group instruction in the effective use of information materials and resources such as indexes, abstracts, and the card catalogue is offered. Manual and computer-based bibliographic assistance is provided for complex research problems and questions. Those who wish further information or assistance may call ext. 2850 or go directly to the Himmelfarb Reference Department.

GW FORUM EDITORIAL BOARD --

Members of the Editorial Board for the GW Forum for the academic year 1978-1979 will be: A.E. Claeysens, Jr., associate professor of English, editor-in-chief; John G. Boswell, professor of education; Robert L. Combs, assistant professor of English; and student members, Ira Brodsky, Cynthia Ganza, and Bradley Seaman.

PUBLICATIONS

C.M. GILMORE, associate professor of engineering and applied science, with

G.E. Hicho, "Comparison of the Threshold Stress Intensities and Fracture Characteristics for Temper Embrittled 2 1/4 Cr-1 Mo Steel in Hydrogen Charging Environment," American Society for Testing Materials Special Technical Publication No. 654, June 1978.

PROFESSIONAL ACTIVITIES

C.M. GILMORE, associate professor of engineering and applied science, presented a paper "A Ti Ni Heat Engine" at the 1978 meeting of the American Society for Engineering Education in Vancouver, B.C. in June. A paper by Professor Gilmore, with M.A. Imam, and A.C. Fraker, was presented at the Conference on International Symposium on Corrosion and Degradation of Plant Materials in Kansas City in May. The title of the paper was "Corrosion-Fatigue of 316L Stainless Steel, Co-Cr-Mo and ELI Ti-6Al-4V." The paper "Corrosion Fatigue of Selected Metal Implant Materials," also with M.A. Imam and A.C. Fraker, was presented at the Third Conference on Mechanical Properties of Biomaterials, Keele University, England held September 13 to 15.

E. MICHAEL HAMILTON, academic assistant director of the Center for Computing; KAY K. BEACH, executive coordinator of the center; and DAVID CELIO, former assistant director of the Counseling Center, conducted a workshop on improving human relation skills for the Association for Computing Machinery University Computer Centers Conference on October 16 in Boston.

HAROLD LIEBOWITZ, professor of engineering and applied science, has been elected a Fellow of the American Institute of Aeronautics and Astronautics in recognition of his contributions to the technology and science of aeronautics and astronautics. He is also a Fellow of the Society of Engineering Sciences, the American Society of Metals, and the American Association for the Advancement of Science.

JOSEPH L. METIVIER, JR., professor of romance languages, presented a paper titled "Foreign Language Study at the Crossroads," at the monthly meeting of the Society of Federal Linguists held at The Johns Hopkins University on October 14.

E. LAKIN PHILLIPS, professor of psychology, and Mac Gordon, graduate student in art therapy, had an exhibition of paintings, "The Art of Illusion," in the Huber Gallery at 1214 - 31st Street, N.W. during August, as part of their study of the psychology of art. Viewing of the exhibition was by invitation.

SAM ROTHMAN, professor of engineering administration, and ROBERT J. LYNCH, JR., research engineer, recently presented a paper entitled "Utilization of Available Technology as Pertains to Ocean Mining" at the Fourth Annual Combined Conference, Oceans '78, sponsored by the Marine Technology Society and the Institute of Electrical and Electronics Engineers.

PRISCILLA L. WELLING, assistant professor of accounting, was a speaker at an all-day professional development meeting sponsored by the Washington area chapters of the National Association of Accountants on October 25. Theme of the meeting was "Developing Practical Management Techniques." Professor Welling's subject was "Human Resource Accounting: Goal Programming in a Service Organization."

faculty newsnotes

PUBLICATIONS

WILLIAM ADAMS, visiting assistant professor of political science, and FAY SCHREIBMAN, head, audiovisual department, University Library, have edited Television Network News: Issues in Content Research, School of Public and International Affairs, 1978.

WILLIAM ADAMS, visiting assistant professor of political science, with William Lucas, "Talking, Television, and Voter Indecision," Journal of Communication, Autumn 1978.

PROFESSIONAL ACTIVITIES

ELIZABETH BYRNE ADAMS, associate professor of management, presented a workshop entitled "Scientific and Technical Information - Sub-systems for Decision Making" to the Society for Management Information Systems 10th Annual Conference, September 21, at the Capital Hilton, Washington. Dr. Adams also presented a paper entitled "Lessons We

Should Have Learned in the Management of Information Technology" to a conference on the Information Systems Manager in Amherst, Mass., in September. She was one of 50 experts on scientific and technical information systems invited by the subcommittee on Science, Research, and Technology, U.S. House of Representatives, to a one-day workshop at the Congressional Research Service on November 3. The workshop formulated legislative options for the 96th Congress in the area of policies for scientific and technical information systems.

ROBERT A. HADLEY, associate professor of history, presented a lecture in the GW Alumni First Wednesday Lecture Series entitled "Athens in the Golden Age" on November 1.

SIDNEY JOHNSON, director of the Family Impact Seminar at the Institute for Educational Leadership, addressed the New York State Board of Social Welfare on the potential of family impact analysis at the state and local level on October 27.

J. KENNETH MCDONALD, associate professor of international affairs, presented a lecture on "Great Britain's Naval War, 1914-1918" and participated in a colloquium on "The Relevance of Clausewitz's On War Today" at the

University of Iowa, Iowa City, October 17-18, 1978. On October 19-20, Professor McDonald attended the Eighth Military History Symposium at the U.S. Air Force Academy, Colorado Springs, Colo.

DORN C. MCGRATH, JR., professor of urban planning, was interviewed by the Mexican publication Mexico Constructor in September. He emphasized the importance of open space in urban planning.

DAVID C. PARK, research instructor, HKLS, and coordinator, Recreation Program, has been named president-elect of the National Therapeutic Recreation Society (NTRS), a professional branch of the 18,000-member National Recreation and Park Association (NRPA). His election as NTRS president-elect was announced during the 1978 NRPA annual Congress for Recreation and Parks in October in Miami Beach.

JEANNE E. SNODGRASS, professor of human kinetics and leisure studies, received the merit award of the Eastern Association for Physical Education of College Women at the association's fall conference held October 28-29 in Hershey, Pa. The award is presented to individuals who have given meritorious service to girls and women in physical education through teaching, writing, research and/or positions of leadership in the association and in other professional organizations.

ALAN WADE, assistant professor of speech, presented a paper and performance titled "'Words and Music': Sense in the Sounds of Samuel Beckett," at the 64th annual convention of the Speech Communication Association held in Minneapolis on November 5th.

RUTH A. WALLACE, professor of sociology and NANCY WITYAK, doctoral candidate, presented a paper entitled "Primitive Religion: The Key to Durkheim's Perspective on Women," at the annual meeting of the Society for the Scientific Study of Religion held October 27 in Hartford, Conn.

UNIVERSITY BOOKSTORE NOTE -- No I.P.s for books or supplies will be processed in the University Bookstore from Wednesday, November 22, to Friday, December 1, due to a period of inventory.

The bookstore management would appreciate instructors announcing to their students that the Text Book Department of the bookstore will be in the process of being reset for spring beginning on Friday, December 1. Any books needed for this semester should be procured before that date.

PROGRAM MANAGER, COOPERATIVE EMPLOYMENT AND TRAINING PROGRAM -- Roger J. Williams has been appointed program manager, Cooperative Employment and Training Program.

Mr. Williams became associated with the university in 1976 when he joined the program as chief instructor. The Cooperative Employment and Training Program is a work/study technician training program funded by the U.S. Department of Labor. He was subsequently made director of technical training and held that post until he became deputy program manager in July. He became program manager October 1. Mr. Williams is a graduate of the University of Maryland (B.S.E.E.). He has had extensive experience in the computer field associated with NASA's Apollo Program.

UNIVERSITY WORKING HOURS -- For the convenience of the university community The Monday Report is providing the text of President Elliott's statement of November 27.

"Since my announcement on October 2, 1978, of a standard 40 hour work week and the new official business hours (8:30 a.m. to 5:00 p.m.), a variety of concerns and questions have been expressed. In reviewing the matter and considering comments from a number of sources, it has been determined that the interests of the university and its employees can be served better by not implementing the new work week as announced. There will be no general change in the work week on July 1, 1979.

A number of major units of the university now work and will continue to work a 40 hour week. With this announcement, I wish to inform other university managers that, at their discretion, they may shift office hours to a 40 hour work week. With such a shift, adjustments may be made in individual work schedules to insure a 40 hour work week for each full-time employee. Flexible work schedules can be arranged so long as offices are adequately staffed during regular business hours. In those offices that shift to a 40 hour work week, non-exempt employees may continue on a 35 hour work week if they so desire. In those offices that continue on a 35 hour work week, non-exempt

employees may shift to a 40 hour work week if they so desire. The purpose of this announcement is to allow departments flexibility and discretion in shifting to a 40 hour work week and allow non-exempt employees freedom to remain on a 35 hour work week or shift to a 40 hour work week as they desire. The effective date of shifts in the work week should be no earlier than July 1, 1979.

In the near future, information will be made available to employees concerning their status as exempt or non-exempt.

Department heads should discuss implementation of changes in work schedules with Mr. Clifford, Director, Personnel Services."

DILTHEY FELLOWSHIPS -- The Division of Experimental Programs has announced the availability of two Dilthey Fellowships for Interdisciplinary Scholarship for summer 1979. Deadline for receipt of proposals is January 15. A decision on the awards will be made by February 1. Proposal descriptions should be from two to five pages in length. All full-time university faculty members are eligible.

The fellowships carry stipends of \$2,500 for two consecutive summer months of full-time study or research. Recipients are not to teach or to hold other major fellowships or grants during

the two-month period. Decisions will be based on the interdisciplinary character of the research proposed as well as the promise of significant results. Further information may be obtained from the Division of Experimental Programs, Monroe Hall, Room 419, ext. 7565.

HAZARDOUS CHEMICAL -- The Office of Safety and Security advises that the federal government (OSHA) has adopted a permanent standard for acrylonitrile, a carcinogen. Any department having this material on hand should contact the Safety Officer at ext. 6497.

FACULTY COFFEE HOUSE -- A Faculty Coffee House has been established at 2131 G Street through the efforts of Professor of History Peter P. Hill, and with the cooperation of Mal C. Davis, chaplain, United Christian Fellowship. The coffee house, which will be open Monday through Friday from 11 a.m. to 2 p.m., is intended to provide a place where faculty and staff can meet informally and bring their own coffee or lunch as they wish.

UNITED WAY REMINDER -- Those members of the university community who wish to contribute to the 1978 GWU United Way campaign, and who have not yet done so are encouraged to return their contributions or payroll deduction forms to their key persons in the next week to 10 days.

LIBRARIES SCHEDULES -- For the convenience of the university community, the schedules of the university libraries through the New Year's Day holiday, Tuesday, January 2, are given as follows:

The University Library

Monday, December 4, through Friday, December 8	8:30 a.m. to 2 a.m.
Saturday and Sunday, December 9 and 10	10 a.m. to 2 a.m.
Monday, December 11, through Friday, December 15	8:30 a.m. to 2 a.m.
Saturday and Sunday, December 16 and 17	10 a.m. to 2 a.m.
Monday, December 18, through Wednesday, December 20	8:30 a.m. to 12 midnight
Thursday, December 21, and Friday, December 22	8:30 a.m. to 5 p.m.
Saturday, December 23, through Tuesday, December 26	Closed
Wednesday, December 27, through Friday, December 29	8:30 a.m. to 5 p.m.
Saturday, December 30, through Tuesday, January 2	Closed

LIBRARIES SCHEDULES (continued)

The Jacob Burns Law Library

Monday, December 4, and Tuesday, December 5	8 a.m. to 12 midnight
Wednesday, December 6, through Friday, December 8	8 a.m. to 12 midnight (2nd Floor open to 2 a.m.)
Saturday, December 9	9 a.m. to 12 midnight
Sunday, December 10	9 a.m. to 12 midnight (2nd Floor open to 2 a.m.)
Monday, December 11, through Thursday, December 14	8 a.m. to 12 midnight (2nd Floor open to 2 a.m.)
Friday, December 15	8 a.m. to 8 p.m.
Saturday, December 16, through Tuesday, December 26	Closed
Wednesday, December 27, through Friday, December 29	9 a.m. to 5 p.m.
Saturday, December 30, through Tuesday, January 2	Closed

The Paul Himmelfarb Health Sciences Library

Monday, December 4, through Friday, December 8	8:30 a.m. to 2 a.m.
Saturday and Sunday, December 9 and 10	10 a.m. to 2 a.m.
Monday, December 11, through Friday, December 15	8:30 a.m. to 2 a.m.
Saturday and Sunday, December 16 and 17	10 a.m. to 2 a.m.
Monday, December 18, through Wednesday, December 20	8:30 a.m. to 12 midnight
Thursday, December 21, and Friday, December 22	8:30 a.m. to 5 p.m.
Saturday, December 23, through Tuesday, December 26	Closed
Wednesday, December 27, through Friday, December 29	8:30 a.m. to 5 p.m.
Saturday, December 30, through Tuesday, January 2	Closed

faculty newsnotes

PUBLICATIONS

RICHARD M. SOLAND, research professor of operations research, "Multiple-attribute Decision Making with Partial Information: The Comparative Hyper-volume Criterion," Naval Research Logistics Quarterly, Vol. 25, No. 2, June 1978. pp. 279-288.

DEWEY D. WALLACE, JR., professor of religion, "Puritan and Anglican: The Interpretation of Christ's Descent Into Hell in Elizabethan Theology," Archiv fur Reformationsgeschichte, Jahrgang 69, 1978, pp. 248-287.

PROFESSIONAL ACTIVITIES

LINDA A. DONNELLS, director of services for students with disabilities, was a panel member for the conference "Expanding Perspectives: Minorities and Women," Sponsored by the National Association of Student Personnel Administrators - Region II, and the Regional Association for Women Deans, Administrators and Counselors, November 17.

JAMES E. FALK, professor of operations research, was invited to chair two sessions, "Nonlinear Programming I" and "Nonlinear Programming II" at the joint annual meeting of the Operations Research Society of America and the Institute of Management Sciences in Los Angeles November 13-15.

RODERICK S. FRENCH, associate professor of philosophy and director of the Division of Experimental Programs, has been re-elected vice-president of the American Society for Environmental History. The ASEH is an interdisciplinary professional association of humanists and environmental scientists.

DONALD GROSS, professor of operations research, was invited to chair the session "Queuing Models" at the joint annual meeting of the Operations Research Society of America and the Institute of Management Sciences in Los Angeles November 13-15, and to present his paper (with ZEEV BARZILY, assistant professor of operations research), "Transient Solutions for Repairable Item Provisioning."

W.H. MARLOW, professor of operations research, presented a paper, "Readiness Evaluations Using Multivariate Data Reduction" (with ZEEV BARZILY, assistant professor of operations research, and S. Zacks, consultant) at the November meeting in Los Angeles of the Operations Research Society of America and the Institute of Management Sciences.

GUIDO E. MAZZEO, professor of Romance languages, presented a paper, "Women in Hispanic Culture: Cultural, Historical, and Literary Perspectives," at Ferrum College on November 13 on the occasion of the college's Hispanic Week observance.

LENORE D. MILLER, curator of art, delivered an audio-visual presentation of slides and recorded narration on "The Architecture of Luis Barragan," and a brief lecture on "Luis Barragan: Landscape Architect and His Place in the Modern Movement" to staff members at the National Endowment for the Arts offices on November 20.

MARIANNE R. PHELPS, assistant provost for affirmative action, and GAIL SHORT HANSON, dean of students, are conducting a session entitled "Academic Program: Administrative Concerns" for the College and University Personnel Association's Higher Education Access for Students and Employees - A Workshop for Campus Administrators. Presentation of the workshop began September 28 and will conclude December 13. The workshop is being given in six cities.

RICHARD D. SCHLAGEL, professor of philosophy, read a paper, "Contextualistic Realism," to the Washington Philosophy Club on November 18.

LOIS G. SCHWOERER, professor of history, has been appointed chairman of the Nominating Committee, National Conference on British Studies.

NOZER D. SINGPURWALLA, professor of operations research and research professor of statistics, presented a paper (with M. Chandra) entitled "On the Gini Index, the Lorenz Curve, and the Total Time on Test Transforms" at the November meeting in Los Angeles of the Operations Research Society of America and the Institute of Management Sciences.

RICHARD M. SOLAND, research professor of operations research, presented a paper, "A Satisficing Algorithm for Interactive Multicriteria Optimization" at the November meeting in Los Angeles of the Operations Research Society of America and the Institute of Management Sciences.

JAMES E. STARRS, professor of law, presented a paper, "The Expert Witness and Certification," at the fall meeting, November 3 and 4, of the Chesapeake Bay Division of the International Association for Identification at Coolfont, W. Va.

IRENE THOMPSON, associate professor of Russian, presented a paper, "Address in Modern Russian," at the Southern Slavic Conference in Chapel Hill, N.C., November 2-4.

CHARLES S. TIDBALL, Henry D. Fry professor of physiology and research professor of medicine, participated in a Learning Resources Center, a new feature, at the 29th Annual Fall Meeting of the American Physiological Society in St. Louis, October 23-25. He presented "E C G Learn," a computer-assisted tutorial and review program in electrocardiography. W.O. Suddath, second-year medical student and co-author, collaborated in the development of the materials.

GEORGE C.Y. WANG, assistant professor of Chinese, was a panelist at the joint meeting of the American Council for Teaching Foreign Languages, and the American

associations of teachers of German and French in Chicago on November 25. The panel was entitled "Innovations in Language Teaching."

LILY WILLENS, lecturer in French, read a paper "Voltaire: Irene (1778) et l'illusion de succes theatral" at the 18th-century session of the annual convention of the American Association of Teachers of French in Chicago, April 23-25.

FACULTY BOOK EXHIBITION -- An exhibition of books by members of the university faculty is scheduled for the Third Floor Gallery, Marvin Center, from February 20 through March 15, 1979. Deadline for receiving books for the exhibition will be Thursday, February 1. Details on gathering books will be sent to individual departments in due course.

FACULTY EXCHANGE CENTER -- For the convenience of the university faculty, The Monday Report provides the following information. The Faculty Exchange Center, a non-profit, faculty-administered program, helps to arrange college and university faculty exchanges within the United States, and abroad where the language of instruction is English. After registration, a faculty member will receive gratis a list of members in his discipline as it appears in the fall 1978 Directory. For more information, write to: Professor John Joseph, Faculty Exchange Center, 952 Virginia Avenue, Lancaster, Pa. 17603.

HIMMELFARB BOOKDROPS -- The Himmelfarb Library has installed a bookdrop in the lobby of the GWU Hospital near the gift shop. This is for readers' convenience in returning books or journals borrowed from the Himmelfarb Library or its Hospital

Reading Room. Audiovisual materials should be returned directly to the Audiovisual Study Center on the 3rd floor of the Himmelfarb Library and reserve materials to the library's circulation desk. There is a separate bookdrop on the first floor of the hospital, near Social Services (room 1252) for returns to the patient bookcart.

CAMPUS DIRECTORY - ADDITIONAL COPIES -- Additional copies of the new GWU Campus Directory may be picked up from the Telephone Communications Office, 5th Floor, Rice Hall, 2121 Eye Street, N.W.

HIMMELFARB LIBRARY CORRECTED SCHEDULE -- The corrected schedules for the Paul Himmelfarb Health Sciences Library and Audiovisual Study Center for Friday, December 15, through Tuesday, January 2, are given on page 3.

PROFESSIONAL ACTIVITIES

DAVID A. ALTSHULER, assistant professor of religion, delivered the first annual Eisenberg Lecture at the Ecumenical Institute of St. Mary's Seminary and University in Baltimore, Md., on November 30. The new annual lecture-

ship has been established to provide continuity in Classical Hebrew Studies at the institute. It is funded by Mr. and Mrs. Gerson G. Eisenberg. Title of Dr. Altshuler's lecture was "Holy Moses! How Books Become Scripture."

HERBERT J. DAVIS, associate professor of business administration, presented a four-day seminar/workshop for the Icelandic Management Association and the Parliament of Iceland on managerial effectiveness, zero-base budgeting, sunset legislation, and alternative work patterns in November. Following his program in Iceland, he went to Manchester, England, as the George Washington University delegate for the international meeting of the Academy of International Business. At the meeting he delivered a paper, "An Application of England's Personal Value Model: Australian Trade Union Leaders." His paper, "The Australian MBA: Innate Management-Related Characteristics and a Comparison with U.S. MBA's," was presented and published in the proceedings of the 1978 annual meeting of the Southern Management Association, held in New Orleans.

PETER F. KLAREN, associate professor of history, participated in a two-day workshop on "Urban Working Class Culture and Social Protest in Latin America," held at the Woodrow Wilson Center for International Studies, November 30 and December 1. His paper was entitled "Peasant Migrants into Proletarians: the problematic formation of the Peruvian working class." Professor Klaren also lectured to the Latin American Seminar of the Foreign Service Institute, Department of State, on December 5 on "Origins of Modern Peru."

NEIL TILKENS, associate professor of music, played a recital of American piano music on November 20 at Montgomery College in Takoma Park, Md. The program, part of the weekly colloquium series of the Humanities Institute of the college, included works of Reinagle, Rorem, and Griffes.

ROBERT H. WALKER, professor of American civilization, who was the first director of educational and public programs for the National Endowment for the Humanities, attended a symposium on the past and future of the humanities December 3-5 at the Lyndon Baines Johnson Library in Austin, Texas. He was a member of a panel which discussed "The Nature of the Humanities: Elitist-Populist Options." Keynote speaker for the symposium was Mrs. Walter Mondale.

DIRECTOR, OFFICE OF SPONSORED RESEARCH -- Irvin C. Mohler has been appointed director of the Office of Sponsored Research effective November 20. Mr. Mohler, a microbiologist concerned with scientific communication, was assistant research professor in medical and public affairs, and associate director of the Science Communication Division in the Department of Medical and Public Affairs, School of Medicine and Allied Health Sciences, prior to this appointment. Mr. Mohler came to the university in 1967 as assistant director of an off-campus biological research project and, in 1968, became associated with the Department of Medical and Public Affairs. He holds the Bachelor of Science degree (in biology) from Franklin and Marshall College and Master of Science (in bacteriology) from Pennsylvania State University.

NOTARY PUBLIC SERVICE -- Notary public service is now available at the Marvin Center. Those who need this service should contact Dorothy Evans in the center's Administrative Offices on the second floor. There is no charge to students, staff or faculty.
